

CRIPPLE DREAMS

And While Fighting an Imaginary Foe His Crippled Joint Drops Into Place.

Marion, Ind., Sept. 1.—A dream terminated with unusual reality in the case of George Gilpin who has been a cripple for many years. Gilpin suffered a dislocation of the hip joint several years ago. Surgeons were unable to join the dislocated parts properly, and he has been compelled to walk with a crutch since the accident. The injured leg became shortened as the result of the injury.

Wednesday night Gilpin had a dream. He imagined that a number of men attacked him, and in self-defense he struck with both hands and kicked with both feet. When he awoke he was doing gymnastic feats worthy of an athlete. He was greatly surprised to find that he was using his right leg which had been powerless for years. He could hardly believe that he was awake, and said he thought he was still in dreamland. He attempted to walk and was jubilant to find that he could.

Walked About the Streets

He walked about the business district of the city early in the morning and greeted his old friends, who had not seen him walk for a number of years. He was about the streets during the day, and his friends could hardly be made to believe his story of the dream.

Surgeons say the only explanation they can make of the strange recovery is that while Mr. Gilpin was asleep the muscles and tendons became relaxed, and when the violent exercise, brought about by the dream, occurred, the dislocated hip joint dropped back into place.

Mr. Gilpin is an old man. He was one of the early merchants of Marion and probably is as well known as any person in the city. His friends are rejoicing with him over his recovery.

BIG CROWDS GOING TO SULLIVAN MONDAY FOR CELEBRATION

Many of the Vincennes labor unions and hundreds of their friends and members of their families will go to Sullivan early Monday to help that town celebrate Labor Day. Several of the local unions will march in a body to the union station and will wear uniforms appropriate to their trade. The delegation will be headed by Baltes First Regiment band, the members of which belong to the Musicians union. The band will no doubt "cut quite a figure" at Sullivan. It is estimated that 500 to 600 persons will go to Sullivan from here Monday. The Vincennes delegation will make a strong effort to capture the 1907 joint celebration for Vincennes.

SLEEP

Did you, sleepless one, ever try a dish of GRAPE-NUTS and CREAM just before bed?

Sure you never did or you wouldn't train with the "sleepless squad."

IT'S A BAD PRACTICE to load up the stomach with a promiscuous variety of rich, indigestible food at night because it "tastes" good.

STRENGTH WITHOUT BULK is a requirement of an ideal food for the last bite before going to bed. The food that is concentrated so that a sufficient amount for all purposes will not distend the stomach; the food that is practically predigested so the organs can, without undue effort, absorb it wholly; the food that contains the tissue-repairing and energy-making elements from clean field grains—that contains the Phosphate of Potash which combines, by vital process, with Albumen to repair the gray matter in brain and nerve centres—that's

Grape-Nuts

TRY A DISH—about four heaping teaspoonfuls with cream, and a little sugar if desired, eaten slowly before retiring, if you're hungry and note how well you sleep and how you feel in the morning.
