

he has already asked his victim if he cares to have a massage, shampoo, and all the rest. Anyway, the members of the Twenty-first, New York National Guard, now in camp at Van Cortlandt Park, New York City, won't go unshaven when they reach France. They won't be strong on the massage and shampoo stuff, but the regimental barber is assured of sufficient patronage to keep his razor busy.

NO NAME FIGHTING SOLDIERS

is the logical name for these soldiers according to Wheeler of Company G. He asked what he thought of a name the captain recommended. "It was a poor fighting name," he said. "I want to name the men, all them Yankees? In all countries our soldiers are called and it seems a very appropriate name."

that when he was in the United States troops and it seems a very appropriate name too.

of Company G, are also of that Sammy is a poor name for our soldiers. They agreed in the expeditionary force that it is not of a name over a name for our assumed considerable improvement in the country since sent back from France that States troops "over there" the name Sammy. Songs to "Sammys" have been and in some cases "Yankee" inserted for Sammy. Possible that the soldiers may need at all. "Maybe, you have a name for

FATHER'S CLOTHES AT CONEY ISLAND

ORK, Sept. 1.—Because there are more or less bungalows on Coney Island which look just alike, Miss Klein of Grand and Attorney Klein, Manhattan, nearly caught was visiting a young woman who owns one of the million afternoons went bathing, neglecting to mark the particular house had left her clothing. From the water she spent hours in a fruitless search and at 8 o'clock at night, told her mother Mrs. Amelia Boyle, a police officer. The Coney police telephoned of the Delancey street station notified Miss Klein's parents. Her hurried to the island with a wardrobe and rescued her shivering

LABOR TO GATHER AT HENDERSON MONDAY

For the first time in its history, the Central Labor Union will leave Evansville tomorrow to go to another city to celebrate the national holiday of labor.

Evansville union workmen have been celebrating the first Monday in September for thirty-six years, and always in their own city, but this year they have accepted an invitation of the Henderson union men and will meet there together with the Henderson men and others from Vincennes and several southern Kentucky cities.

Celebrators from Evansville and Vincennes will be carried to Henderson by steamer. The first boat will leave here at 8:30 o'clock.

At 10 o'clock a parade of all the Henderson and visiting union men will be formed at the corner of Powell and Letcher streets and will proceed to the fair grounds, where the celebration will be held.

Formation of Parade.
The groups of the parade in the order of their formation will be: Henderson police department, Henderson fire department, military band, Musicians' Union, Cigarmakers' Union, Barbers' Union, Typographical Union, Brewery Workers' Union, Bartenders' Union, Teamsters' Union, Miners' Union No. 1021, Miners' Union No. 354, Stationary Engineers, Evansville unions, farmers' unions, lodge drill teams, merchants' floats and automobiles.

After arrival at the fair grounds, the men will be entertained with a baseball game, starting at 10:30 o'clock. At noon a barbecue dinner will be served in the fair grounds dining hall, and at 1:30 o'clock the welcome address and introduction of the speakers will be made by Mayor J. W. Johnson of Henderson.

Mother Jones, the international organizer for the United Mine Workers of America, will be the principal speaker and will begin her address at 1:45 o'clock. Following her speech, several races will be run, including harness, mule and motorcycle races.

Saving Realized in Labor.
The labor cost of this work was \$685.90, the material cost, \$307.80, making a total of \$993.70. The real value is estimated at \$1,228.

Boys who take this vocational work are not the only ones who derive benefits from it; the school board gets its share, too.

Additions to the manual training staff this year are: Charles Longfield, Herschel Millsbaugh and Ralph Wilson.

New equipment is now being installed in the domestic science kitchens at the Campbell, Centennial, Columbia, Delaware, Stanley Hall and Howell schools.

PARCELS POST-CARRIES BUTTER TO NICE, FRANCE

SPOKANE, Wash., Sept. 1.—To carry a pound of butter from the wilds of Idaho to a city in France is a severe test on the parcel post, but the feat has been accomplished. The butter was sent by Mrs. R. G. O'Dowd from her Priest river farm sixty miles northeast of Spokane to her mother at Nice, France. The following letter, dated May 22 at Nice, was recently received by Mrs. O'Dowd from her mother:

"The pound of butter arrived at mid-day in perfect condition, which speaks well for the dairying conditions of Priest river. I have not seen such a sight as a whole pound of butter since the second year of the war. It traveled 8,000 miles in sixty days and was as fine and sweet as if posted this morning. Your method of packing is excellent, and I think it a pity that France does not adopt the Idaho system for wrapping butter. It insures correct weight and a sanitary pack. I hope you will send some more butter, as it is a luxury that money can not buy."

Plans to Go to Agricultural School After Making Success of Gardening on Sch

Probably the most interesting exhibits at the fair will be those of the county boys' and girls' clubs of the various townships in Vanderburgh county parent-teacher clubs, which will display their achievements in growing crops, handling gardens, raising pigs and calves, or canning their garden products.

This will be shown in an individual hall provided by the management of the fair association and each club will be awarded prizes that include trips to Purdue, useful articles and cash prizes, and it is expected that the young people will have a most creditable and interesting exhibit.

The entries for all departments are now open and anyone wishing to display stock, fruit, vegetables and other products or any patch of needle work can do so any day by applying to the superintendent, now stationed in Cook's Park.

LABOR TO GATHER AT HENDERSON MONDAY

(Continued from First Page.)

A baseball throwing contest and other diversions will be introduced.

Dancing will be held at Atkinson Park from 8 to 12 o'clock in the evening, but the Evansville delegation plans to return at 5 o'clock.

Pennyrite Miners Coming

All the union miners from Waverly, Morganfield, Uniontown, Shurgis, DeKoven, Baskett, Spottsville, Central City, Madisonville, Earlington and other towns are coming to Henderson to hear Mother Jones, and it is expected that this will be the biggest labor celebration held in this part of the country for many years.

It is predicted that 2,000 union men will go from Evansville.

Urgent invitations have been sent to the farmers to bring their Kentucky bred mules and enter them in the races and Henderson people say that all the girls in town are practicing throwing baseballs that they may win the prizes offered for the best ball thrower.

PROHIBITION CAUSES DECLINE OF PRETZELS

SPOKANE, Wash., Sept. 1.—The demand for pretzels, which was great before the state of Washington went dry and which continued to exist as long as people could secure liquor through the permit system, is no longer in evidence, Spokane grocers declare. One of the bigger grocers said that his store hadn't sold a barrel of pretzels in a month and that people have practically stopped buying them.

Violets are natives to nearly all lands and thrive very generally everywhere, the greater number in the shade, but some in the sun.

on leave or detached duty are authorized to wear white shirt with collar and cuffs.

"Boots that lace through their entire length are authorized only outside of French cities or in inclement weather.

"When in uniform all officers will wear the Barn Browne belt except when actually serving in the trenches, when leather or web pistol belts will be worn. At meals in quarters officers' sabers will not be worn.

"Pistols will be worn at all times in the trenches; otherwise as required by local commanders. Canes may be carried in the trenches only.

"The quartermaster corps will organize shops for the repair of clothing. A half-sewing machine will be obtained for each supply company.

"The importance of saluting never has been properly impressed upon our officers and men. Every soldier should have carefully explained to him the meaning of this salute and the importance of properly saluting, especially the officers of the allied armies. This also applies to field clerk and civilian employees in uniform. Officers will be most punctilious about saluting their superior and returning the salutes of enlisted men.

"The commander in chief presents this matter of uniform and saluting as one in which the pride of every member of the American expeditionary forces compels to neatness, smartness and attention to personal appearance, which in all armies invariably accompany discipline and efficiency."

COOK'S PARK TO BE SCENE OF GREAT CELEBRATION

The most gorgeous Labor day celebration ever held in the history of the city will take place at Cook's Park Monday, consisting of an all day picnic, commencing at 7 o'clock in the morning, with interesting games, contests and races for young and old, winners of which will be awarded prizes. Music will be supplied throughout the day by two orchestras, with dancing, cabaret, vaudeville, moving pictures in the theater, and also aerial acts. These attractions will all be free.

There will be Hiramama, Japanese daylight fireworks displays in the morning and afternoon, and also balloon ascensions. At 10 o'clock sharp in the evening the most elaborate fireworks ever shown will be given, producing master art pieces of the "American Eagle," "Tree of Liberty," "Samuel Gompers," "The Man With the Dinner Pail," "American Beauty Rose" and a reproduction of "Niagara Falls." The last named piece is over 250 feet long and 30 feet high. The performance will conclude with the grand bombardment of Manila in 500 feet of pyrotechnics and Venetian fires. Gate admission, including all attractions, is only 10 cents.

A POLITICAL PUZZLE.

"There is much about your political system," said the foreigner, "that I cannot understand."
 "Go on," replied the American, "you're kidding."
 "Upon my honor, I speak truly. For instance, you will not permit a rich man to run for office, and a poor man can't afford to. I don't understand it—really."
