COAL IMPORTANT ITEM ON LABOR PROGRAM

Fred Hohenberger, chairman of the
program committee which was ap-
pointed by the C. L. U. to act in con-
junction with the Henderson C. L. U.
in arranging the program and details
of the big joint celebration at Hen-
derson on Labor Day, announces the
plans for the day are rapidly nearing
completion and thinks the program
will be completed within a day or two.

Besides the laboring men from Ev-
ansville and Vincennes, the union men
from nearly all of the southern Ken-
tucky towns will gather at Henderson
Labor Day and it is expected that the
town will be literally full.

Evansville men will participate in
the montser parade which will start
at 10 o'clock Monday morning and Mr.
Hohenberger announces that the men
will all wear their badges, but will not
use uniforms.

Mother Jones is to be the principal
speaker for the afternoon, but in addi-
tion the men in charge of the program
are endeavoring to secure several
prominent men from the mining dis-
tricts to speak on the question of min-
ing and coal production. It is planned
to give the question of coal, which is of
universal interest at present, the im-
portant emphasis of the day.
