## Plans Complete For Great Labor Celebration

**FINAL MEETING OF GENERAL COMMITTEE THURSDAY NIGHT ANNOUNCES ALL DETAILS HAVE BEEN HANDLED.**

Final arrangements were made and all minute details were handled for the gigantic Labor Day celebration in Princeton next Monday, Sept. 6, at the last meeting of the general committee Thursday night in the C.L.U. hall in east State street. Committee reported that everything was in readiness and that nothing has been left undone for the greatest Labor Day celebration in this entire section of the county.

The Labor Day program Monday will get off with a bang when a gigantic parade will be held at 10:00 o'clock in the morning. This parade, as previously announced, will form in the south part of the city, with various delegations lining up on all intersecting streets east and west of Main. The procession will move up Main and around the public square to the fair grounds.

Four bands, Petersburg, Francisco, Princeton and Fort Branch, and the Princeton drum corps, will head the main parade sections. Scores of labor unions, including miners, shop crafts and many other locals, will be in line, with hundreds of marchers, scores of floats and long lines of decorated automobiles.

In addition to the union labor organizations, the various farm bureau organizations will have large delegations, and merchants will likewise be represented with floats and displays. Prizes will be given for the various floats and other parade displays.

At the fair grounds a fine all day and evening program has been arranged. The best of speakers have been secured. The speakers list includes Miss Kate Richards O'Hare, T. M. Taylor, president of the Indiana State Federation of Labor; W. H. Settle, president of the Indiana Farm Bureau Federation; Powers Haggood. Free acts and plenty of band music and songs by male quartette will be given at the grounds, and at 4:30 the Oakland City and Princeton Coal Belt league teams will play a baseball game. A balloon ascension is also on the late afternoon program. A grand display of fireworks and boxing contest will be held at night in addition to concert and acts.

Concessions galore will be on the grounds Monday and many of the attractions of this week's fair will remain over for Labor Day. Full parade formation and other details will be made public Saturday.

### FINES AND DAYS IN CITY COURT

John Spray, of Owensville, when arraigned before Judge McGary in city court Thursday was fined \$10 and costs on an intoxication charge; \$25 and costs and given a 30-day penitentiary term.

### X-RAY DISCLOSES BROKEN SHOULDER BLADE AND RIBS

**JAMES JORDON, 11, RUN OVER BY AUTO, MOST SERIOUSLY HURT —BROTHER SLIGHTLY INJURED —TAKEN HOME TODAY.**

Clarence Junior, 6, and James, 11, sons of Mr. and Mrs. Clarence Jordan, 210 south Gibson street, who were injured at the fair grounds Wednesday night when an automobile backed over them while they were asleep, as stated in Thursday's Daily Democrat, were able to be removed from the Methodist hospital to their homes Friday morning.

Thursday morning an X-ray examination was made of the two boys and it was found that James was suffering from three broken ribs and a broken shoulder blade. It was at first thought that Clarence had received internal injuries, but the examination disclosed that this was not the case. Hospital attaches said Friday morning that the boys were resting well.

### DEDICATION OF U. B. CHURCH HERE SUNDAY, SEPT. 12

**DR. PHILLIP OF DAYTON, O. TO BE IN CHARGE—BASKET DINNER AT NOON AND SPLENDID MUSICAL PROGRAM**

Plans for dedication of the First United Brethren church at Illinois street and Stormont avenue, in this city, on Sunday Sept. 12, have been announced by the pastor, Rev. James M. Hedge.

Dedication services throughout the day will be conducted by Dr. J. M. Phillip, L.L.D. of Dayton, Ohio, editor of the Religious Telescope, which is the general church paper of the United Brethren church.

A basket dinner in the church basement for everyone in attendance will be a feature of the day's program. All persons bringing baskets will be accommodated by a committee who will take charge of the baskets and foodstuffs.

Good singing and special music, including numbers by an orchestra and special quartette, will compose the musical program throughout the day. The public is invited and urged to attend.

The old United Brethren church on that site was levelled by the tornado of March 18, 1925 and the present beautiful structure was erected there. Although services have been held in the basement for some time, this will be the formal dedication of the church.

### DEDICATE NEW MOUNT CARMEL STADIUM MONDAY, SEPT. 13

As will be noticed in an advertisement in this issue of The Daily Democrat, the Mount Carmel stadium and athletic field will be formally dedicated on Monday, Sept. 13, with appropriate exercises and a concert by Roy D. Smith's Royal Scotch Highlanders Band.

The stadium, which was sponsored by the Mount Carmel chamber of commerce, was erected on the side of the well known Mount Carmel bluff and will seat 2400 people. It is said to be the only building of its kind in this section of the country.

The stadium faces the athletic field which accommodates a baseball diamond, football field, race track of one-half mile, and many other features that will be used by the Mount Carmel high school teams and the athletic organizations of that city.

A cordial invitation is extended the people of Princeton and Gibson county to attend the dedication. The concert by the band will be followed by a grand display of fireworks on the river front.

### WEDDINGS

**TISDALE-BRUNNER**  
 The announcement of the marriage will come as a surprise to the many friends of Ray Brunner Lucas, of Springfield, Ill., to Miss Elsie Tisdale, of Oakland City, Ind. The marriage

 Temperature at 6 a. m. Sunset today—8:17. Sunrise Saturday—5:21.

### DO BEST THINK WHEN WEATHER COLD FOR CO

OXFORD, Eng. Sept. 2  
 Mankind does its best thing when the weather is a little bit uncomfortable, according to Prof. Fleure, surveying the year in anthropology before the association for the Advancement of Science.  
 "We must not argue that man's ideal climate mate of the region in which man originated," he said.  
 "The most we can say, in fact, is that as his civilization attained to certain climatic conditions those conditions are probably far from the conditions of the region in which he
