A Noteworthy Presentation of Bischof Suits and Coats For Fall

You are invited to view an interesting collection of the accepted Bischof models in suits and coats for daytime and evening wear Fall 1919. Each of the garments is an original creation and no two are exactly alike (except styles that are shown in one or more colors). Every model bespeaks refinement, newness and artistic beauty.

Come in and Have Us Show Them

to you. Acquaint yourself with the styles that will prevail this season. Exclusive but not Expensive.

- Bischof Suits \$29.50 to \$89.50
- Bischof Coats \$16.50 to \$425.00
- Wood Dress \$19.50 to \$9.50
- Georgette Blouse \$6.95 to \$19.50
- Sweater Blouse \$1.50 to \$2.50

MONSTER LABOR PARADE AT 9:30 THIS MORNING

ALL UNION LABOR ORGANIZATIONS EXPECTED TO TAKE PART IN WHAT IS PLANNED TO BE GREATEST DEMONSTRATION IN THE CITY'S HISTORY.—ALL IS READY FOR OPENING OF GIBSON COUNTY FAIR.

GREAT SOLDIERS HOME COMING ON TUESDAY

All is in readiness for the greatest week in the history of Princeton and with anything like favorable weather, record-breaking crowds are expected to attend the "Great and Only" Gibson county fair. If the attendance at the fair grounds Sunday, when the largest Sunday crowd in years was on the grounds, is to be a criterion for the crowds that will be there during the week, the ticket sellers certainly will not have a holiday between Wednesday morning when the first charges will be made until Saturday night. The hundreds that flocked to the fair ground all day Sunday apparently bought of the wares and enjoyed themselves just the same as they will from today until the close of the week, when everything will be running in full blast.

The week will open with a bang this morning with a monster parade of all labor unions of the city and county. The parade will form just off south Gibson street, with the heads of the different organizations which will be drawn up on the side streets, resting on Gibson. The Oaktown band, which will lead the parade, the speakers of the day, reception committee, will form on Kentucky street and as the head of the procession moves north on Gibson, the organizations will fall in line at their respective streets. The parade will move north to State, west to Main, south around the public square, north on Hart to Spruce and west to the fair grounds, where the parade will disband.

Immediately after the arrival of the free attractions and races will be Labor Day speakers will deliver an address from the band stand in the amphitheater. Other speeches will be made during the afternoon, when the free attractions and races will be given for entertainment of the public.

THE SPEAKERS.

Speakers of the day are: Charles Fox, of the State Federation of Labor; Hon. Howard S. Risley, national organizer of the Plumb Plan League; Rev. Horace A. Sprague, of this city. All will address the gathering on important labor topics.

The first night fair of the week will be held tonight, with all of the attractions of the day fair. Music for the evening will be furnished by the Oaktown band, which has also been engaged for Tuesday, when Gibson county will honor her service men the land, sea and air, in what is expected to be the greatest demonstration in the city's history and one of the greatest in the state.

Fireworks Display.

The feature of the week, when a

of Jerseys, Redman and Douglass and Montgomery and Yeager will also bring their Hereford cattle and expect to attract more than ordinary attention. L. W. McDonald will have his cattle on the grounds for inspection.

Plenty of Shows.

Those who take advantage of the opening of the fair will, from all indications, will have all the amusements they desire, for many shows and tent attractions arrived on the grounds in time to set up their outfits and secure a large patronage Sunday. Beginning Wednesday, Balu's Vinyones band will furnish music until Sunday evening, with night concerts at the fair ground.

THE VILLIANS WERE PURSUED

FORD WITH TWO OCCUPANTS RACES WITH CADILLAC CARRYING THIEVES.

Four Evansville young men who gave their names as Louis Compton, 19; Alvin Nonweiler, 19; Louis Rogge Lincoln Perkins, the latter two about the same ages, drove into Princeton from the south side about 11 o'clock Saturday night at a lively rate of speed. A short distance behind came M. W. Woodhall and T. R. Hornes, both 21 years of age, who claimed to be connected with the Burroughs Adding Machine Company of Evansville, who claimed the young men stole a car belonging to the company.

When the Ford car arrived at the Greek Candy store, the four young men were inside the store and the Cadillac car was near the curbing. Hornes and Woodhall waited until the four young men came to the street and drawing revolvers, ordered them to surrender. They jeered, according to the police and declared that the two men were afraid to shoot. Woodhall grabbed Rogge and held him. Hornes pursued the other three. They fired several shots into the air, which he did according to his statement, to attract attention of the police. With the crowd that immediately gathered at the Greek corner, Policeman Dan S. King and Special Policeman George White were attracted to the scene. They took Rogge into custody. Sunday morning at 2 o'clock, a telephone call was sent to Southern Detective E. J. Hawkins, at Huntington to be on the lookout for the men, as they were believed to be on the early morning eastbound

WHY NOT ACTION FOR SOLDIERS

FOR MORE THAN THREE MONTHS CONGRESS HAS DONE NOTHING FOR THEM.

WASHINGTON, Aug. 30.—More than three months of the special session of Congress, controlled in both houses by Republicans, have passed and not a single piece of legislation helpful to soldiers has been enacted. In fact, the only piece of legislation that has been brought to the floor of either House is the Mondell bill, a soldiers' colonization plan calculated to benefit only such soldiers as are willing to enter into a colonization scheme, and thus likely to be of aid to a relatively small number of the four million discharged fighting men.

One of the Democrats who has been urging in season and out that Congress do something substantial for the soldiers is Representative Edward W. Poin, chairman of the Rules committee in the last House. Mr. Poin has pending a bill which would give \$180 additional pay to discharged soldiers and sailors which, added to the \$60 provided for in the revenue bill passed by the last Congress, would make their compensation, in addition to their pay while actually in the service, \$240. At every opportunity, Mr. Poin has urged upon the House that his or some similar bill be passed that the same assistance that was given to the war workers in Washington who were granted a bonus of \$240 each.

The people of the country feel that Congress can do no less than this as an appreciation of the service of the men who answered the call to the colors, said Representative Poin, who continued:

"I have received a great many letters since I introduced the bill giving the soldiers additional compensation—I will not call it a bonus—because I feel we justly owe the soldiers an additional amount of compensation. Without a solitary exception the letters express the earliest hope that the bill will pass.

"I notice that our Republican friends have introduced several similar bills, but up to this hour nothing has been done about them. I sincerely hope that there will be something more than talk.

"In the near future I shall again take occasion to call this matter to the attention of the House. From time to time the Democratic membership will insist on this. I have talked with a number of my influential colleagues, and they agree that something ought to be done. They agree that there is no defending the discrimination against soldiers.

"I noticed the other day that certain Government clerks are going to demand and additional \$360. The chances are they will get it. Surely Congress will give the soldier as much as \$240 additional pay, as provided for in the bill which I have introduced."

Representative Poin's bill provides that "all persons who served in the military or naval forces of the United States during the war who received base pay not exceeding the sum of \$2,500 annually, and who have, since April 6, 1917, received honorable discharge or shall hereafter receive hon-

WHY BEAT AROUND THE BUSH?

This is not the only good men's store in the city—and we are not any more entitled to your business than the other fellow—if he's got the goods.

We of course, think that our Fall models are just a little more up to date—and that our values are just a little more out of date than any other place in Princeton—just like the proud Daddy of a 14 pound bouncer thinks his son is the brightest in America.

But when all has been said and done—you've got to use your own judgment—and compare style for style—fabric for fabric and dollars worth for dollars worth for it's YOUR money and you are going to wear the clothes—AND THAT'S WHAT WE'D DO IF WE WERE IN YOUR PLACE—and that's what we wish you'd do HERE.

Michaels-Stern Fall Suits \$30, \$35 and \$40.

square, north on Hart to Spruce and west to the fair grounds, where the parade will disband.

Immediately after the arrival of the free attractions and races will be Labor Day speakers will deliver an address from the band stand in the amphitheater. Other speeches will be made during the afternoon, when the free attractions and races will be given for entertainment of the public.

THE SPEAKERS.

Speakers of the day are: Charlie Fox, of the State Federation of Labor; Hon. Howard S. Risley, national organizer of the Plumb Plan League; Rev. Horace A. Sprague, of this city. All will address the gathering on important labor topics.

The first night fair of the week will be held tonight, with all of the attractions of the day fair. Music for the evening will be furnished by the Oatown band, which has also been engaged for Tuesday, when Gibson county will honor her service men on the land, sea and air, in what is expected to be the greatest demonstration in the city's history and one of the greatest in the state.

Fireworks Display.

The feature of the week, when previous attendance records will without doubt be smashed, will be the magnificent fireworks display in the night at the fair grounds Tuesday evening beginning about 8:30. The display will last nearly two hours including a portrait of President Wilson, realistic battle scenes and other dramatic displays suitable for the occasion. There will be a smaller display of fireworks Wednesday night.

No admission will be charged and Wednesday morning giving everyone an opportunity of taking part in the great Welcome Home for our soldiers, sailors and marines of the late war.

A barbecue will be served the turned Yanks at noon Tuesday in the ring. The boys may attend either in uniform or in their civilian clothes, as they desire. All will be welcome.

Excellent Displays.

The displays of stock are filling up fast and by the close of entries Tuesday morning, numerous displays of more than ordinary interest will be on the grounds.

David Gelsecke, superintendent of the hog display, is authority for the statement that the number of porkers to show this year will double that of last year and practically all classes are well opportunity to try for a premium, but it is likely there will be a large display of the Polesands solely for the purpose of advertising their excellence.

Cattle Here.

L. R. Westfall, superintendent of cattle, says that display will be especially attractive as he has assurance that practically all of the classes will be filled with fine herds and there will be sharp competition in the show rings.

Rubel, of Vincennes, has promised to bring his Shorthorn herd, Boyd and Deekery, of Vincennes, with their fine

Hawkins, at Huntingburg to be on the lookout for the men, as they were believed to be on the early morning eastbound train. Compton and Nonweiler were arrested by Hawkins and returned here on the westbound Southern train Sunday afternoon. Forkins was believed to have returned to Evansville. Evansville officers were notified and Detective Weir and Freer made the trip here Sunday afternoon and returned the three young men to Evansville, where they were placed in jail. It is understood Forkins was arrested early Sunday morning at his home.

Hornes and Woodhall told the police here that their reason for chasing the men was because they did not have time to notify the Evansville officers of the car theft in time to make arrests there.

GOMPERS SEES NO STEEL STRIKE

WASHINGTON, Sept. 1.—Samuel Gompers, president of the American Federation of Labor, announced today that efforts are still being made to effect a settlement of the controversy between the steel workers and the United States Steel Corporation. Hopes were entertained, he said, that "an amicable agreement" could be reached, making a strike unnecessary. Mr. Gompers' announcement was made after a three days meeting of the executive council of the labor federation. Action on the Plumb plan for tripartite control of the railroads was deferred, Mr. Gompers said.

a solitary exception the letters express the earliest hope that the bill will pass.

"I notice that our Republican friends have introduced several similar bills, but up to this hour nothing has been done about them. I sincerely hope that there will be something more than talk.

"In the near future I shall again take occasion to call this matter to the attention of the House. From time to time the Democratic membership will insist on this. I have talked with a number of my influential colleagues, and they agree that something ought to be done. They agree that there is no defending the discrimination against soldiers.

"I noticed the other day that certain Government clerks are going to demand an additional \$300. The chances are they will get it. Surely Congress will give the soldier as much as \$240 additional pay, as provided for in the bill which I have introduced."

Representative Poy's bill provides that "all persons who served in the military or naval forces of the United States during the war who received base pay not exceeding the sum of \$2,500 annually, and who have, since April 6, 1917, received honorably discharge or shall hereafter receive honorably discharge, and all reservists who have been or shall be placed on inactive duty, shall be paid in addition to all other amounts due them by law the sum of \$180."

Mr. Poy and other Democrats will ask for a hearing by the Committee on Military Affairs and will insist upon an early and favorable report.

During a speech on the floor of the House, in urging substantial aid for the soldiers and sailors, Mr. Poy said that "those men won the war. They should at least be treated fairly." He accepted his \$1 per day and rolled upon the justice of the nation for whose flag he was willing to die.

"This same private soldier was sent to Europe. He made July 18, 1918, a day never to be forgotten. He won a victory at Chateau-Thierry which will mark an epoch in the history of the world. He pressed on; he endured privation and suffering during the Argonne drive impossible to describe. He was then receiving increased pay; he was actually receiving \$1.10 per day, but he never once complained. He knew war was hell, but he wanted to make short work of his nasty job. The courage, the staying quality of the American private soldier won the war."

"At last he is brought back home. He learns after his arrival that everybody has been making money. He learns that many a rivet driver in the shipyards received as much in one day as he made in a month. He learned that wages had been increased on every hand, in some instances doubled and trebled. He returned to see the nation he had risked his life to save literally rolling in wealth. Now imagine, if you can the feelings of this private soldier when this great, rich grateful Government handed him the num-
