# All In Readiness For Great Labor Celebration

**FINAL ARRANGEMENTS MADE FOR ALL DAY AND NIGHT PROGRAM—GIGANTIC STREET PARADE PROMPTLY AT 10 A. M.**

Final details have been completed and all is in readiness, officials announced today, for the Labor Day celebration here Monday, which promises to be one of the greatest labor celebrations ever held in this entire section of the country.

Monday's great program in Princeton will begin with a gigantic street parade of labor organizations, farmers' organizations and merchants. The parade will leave Main and Clark streets, headed north, promptly at 10 A. M. and all organizations must positively be in line ready to move at that hour. As stated in the parade formation elsewhere in this issue, the sections will form on various streets in the south part of the city and will move up Main, around the south, west and north sides of the public square to the Gibson county fair grounds, where an elaborate all day and evening program will be given.

Everything will positively be free, except of course the "eats and drinks" at the various concessions, many of which are remaining over from the fair and additional stands being erected for Monday. Admission to the fairgrounds, to the amphitheatre, baseball game will all be free to everyone, all parking space will be free and there will be plenty of free drinking water. This celebration is being sponsored by union labor and is being put on with the unions bearing all the expense.

The Labor Day Parade will have four bands and a drum corps at the head of the main sections. In addition to marchers in the many labor unions participating, many automobiles and scores of floats will be in line. Farm Bureau organizations and merchants will have delegations and floats and compete for prizes. Judges will review the parade from a stand in the court house yard and make their awards of prizes for floats. In addition, the miners have a cup which will be given for the local having the largest per cent of their membership in

**SUPT. G. E. DERBYSHIRE ANNOUNCES RULES GOVERNING OPENING AND ATTENDANCE — TEACHERS MEET MONDAY**

The principals and supervisors of the city schools will meet at the office of the city schools in the high school building at 8 o'clock Monday morning, Sept. 6.

At 8:30 o'clock, there will be a meeting of all the teachers of the city

# 2 Teams Equal In Horse

The Indiana state record of 2,250 pounds in the horse pulling contest was equalled by two teams this morning in the contest in the heavy class, that is, teams weighing 3,000 pounds or over, on the race track at the Gibson county fairgrounds.

In the contest this morning, which was the second of the Gibson county fair, the light class contest of teams under 3,000 pounds having been held last Wednesday morning, teams owned and driven by James O. Beach, of Oatsville, northeast of Princeton and Ray Ott, of Princeton, tied in the contest by both pulling 2,250 pounds on the dynamometer machine brought

In addition, the miners have a cup which will be given for the local having the largest per cent of their membership in the parade.

#### Speakers for the Day

At the fairgrounds, addresses will be delivered during the day by Miss Kate Richards O'Hare, national figure, who is an excellent speaker; W. H. Settle, president of the Indiana Farm Bureau Federation; T. N. Taylor, president of the Indiana Federation of Labor and Powers Hapgood, internationally known miner.

Mr. Hapgood, although now only 30 years of age, has worked in every state in the American union which has a coal mine and likewise in every nation under the sun, living along with the other miners in the different parts of the world and making a study of conditions. His address will be a decided treat. Miss O'Hare will address a meeting at the Broadway Christian church Sunday night at 7:30 which will be attended by many laboring men.

In addition to the addresses, free acts, band concerts, quartette numbers, balloon ascension, ball game, fireworks and boxing contests will entertain the crowd. The boxing contests at night will be two matches and a battle royal between colored boys. One match will be between Jimmie Hitch and Adrian Webster, Princeton youths, and the other between boxers from Indianapolis and Chicago, thus insuring a fine windup to the big program.

Manager Frank Bollin, of the Princeton team of the Coal Belt league, has his team ready for a scheduled game at 4 o'clock Monday afternoon with Oakland City at the old coal mine field, northwest of the fairgrounds. This game will be free and the public is invited to walk the short distance through the grounds to the ball field.

Complete Labor Day program is given in this paper.

### SUPT. G. E. DERBYSHIRE ANNOUNCES RULES GOVERNING OPENING AND ATTENDANCE — TEACHERS MEET MONDAY

The principals and supervisors of the city schools will meet at the office of the city schools in the high school building at 8 o'clock Monday morning, Sept. 6.

At 8:30 o'clock, there will be a meeting of all the teachers of the city in the high school building. Following this, the teachers of each building will meet with their respective principals for conference.

Children should report at their respective schools, Tuesday morning at 8:30.

The school boundaries are the same as of last year and are as follows:

Lowell School—Grades 1B to 8A inclusive go here. Pupils of Grades 7B to 8A inclusive of the entire city attend the Junior school here. The district proper includes all that part of the city lying west of a line starting at Monroe street half way between Main and Prince thence extending due north to line separating houses in the 300 block from those in the 200 block, thence east to the middle of Prince street, thence due north on middle of Prince to corporation limits, thence following corporation limits west and south to a line about 150 feet south of Monroe street thence along this line due west to point of beginning.

Irving School—Grades 1B to 6A inclusive go here. This district comprises all that part of the city lying north and east of a line extending due west from the corporation limits, dividing houses in the 200 block south from those in the 300 block south to the middle of Prince street, thence north on the middle of Prince street to corporation limits.

Franklin School—Grades 1B to 6A inclusive go here. This district comprises all that part of the city lying south and west of the south boundaries of Lowell and of Irving schools.

Lincoln School—(Colored)—All pupils of the grades and of the high school go here.

#### Freshmen Pupils

All 9B or freshmen pupils will report at the high school assembly at 1:00 o'clock Tuesday afternoon. Each pupil should bring a pen or a lead pencil.

#### Notice to Parents

All parents living outside the city limits, but having children who will attend school in the city must either pay tuition or present a transfer at the opening of school. These transfers

The Indiana state record of 2,250 pounds in the horse pulling contest was equalled by two teams this morning in the contest in the heavy class, that is, teams weighing 3,000 pounds or over, on the race track at the Gibson county fairgrounds.

In the coldest this morning, which was the second of the Gibson county fair, the light class contest of teams under 3,000 pounds having been held last Wednesday morning, teams owned and driven by James O. Beach, of Oatsville, northeast of Princeton and Ray Ott, of Princeton, tied in the contest by both pulling 2,250 pounds on the dynamometer machine brought here from Purdue university by P. T. Brown and R. H. Willeman, Purdue experts.

In a pull-off of the tie for first prize money, the team owned by Beach won by pulling 2,275 pounds for a distance of 19 feet, 10 inches. However, the pull of 2,275 pounds by the Beach team, while 25 pounds more than the state record, does not break the state record, for the reason that in order to do so, the Beach team would be required to pull the 2,275 pounds for the required test distance of 27 1-2 feet.

The only thing that kept the Beach team from a new state record was the fact that the team pulled the weight only 19 feet, 10 inches. Thus the Beach and Ott teams are credited with equalling the state record of 2,250 pounds.

By winning the pull-off, the team owned by Beach won first prize money the Ott team second and team owned by Lester Cunningham, of Hazleton, rural route 2, was third. Cunningham's team, lighter than 3,000 pounds, won first prize in the light contest Wednesday but was pulling out of its class today.

Today's contest attracted an unusual amount of interest and both Beach and Ott were being congratulated on the fine achievement of their teams.

## DISPLAY STARS 'AND STRIPES ON LABOR DAY

Citizens generally and business men are asked to display the American flag Monday at their homes and places of business. ## LARGEST NIGHT CROWD OF THE WEEK IN GROUNDS FRIDAY NIGHT—TODAY HAS SEVERAL RACES—VINCENNES BAND.

With the largest night crowd of the week in the grounds Friday night for the usual splendid program of band concerts, free acts, topped off with a big fireworks display, and likewise the usual Saturday crowds, the 1926 Gibson county fair came to a close in a blaze of glory.

Although the Friday crowd was slow in arriving, no doubt due for the most part to the Thursday night rain and dampness, several thousand people were in the grounds by afternoon for the race, free acts and concert program, with balloon ascension by Captain Ellis late in the day.

At night the crowd had swelled to greater proportions for the usual programs and the big amphitheater was packed. Cars were permitted to park on the race track and added convenience to handling the crowd and likewise witnessing of the fireworks in the center ring, the third display of the week, and which brought the attraction program to a close for the evening.

An annual fair feature was a parade of premium stock, including horses and cattle, and automobiles, on the race track Friday afternoon, shortly after 1:00 o'clock. Headed by the 24-piece First Regiment Band of Vincennes, in full uniform and playing a stirring air, the various automobiles on display in the tent on the grounds were followed by the premium stock, with many fine exhibits. This parade is a feature eagerly awaited by all all concerned and by fair patrons.

### Today's Race Program

Last day fairgoers, including many rural residents, today, brought the attendance to the usual proportions, many being attracted by the race program, including novel events, which is always a last day fair feature here. In addition to the regular program of attractions, the race events for this afternoon were 2:25 trot, free-for-all trot, 2:12 pace, two running races and the mule race. The balloon ascension at 5 o'clock will officially close all the attractions with no fair tonight, although many persons will remain until the last minute, and the grounds will have a large crowd tonight.

One of the fair ground features Friday night was a special musical pro-

Chief of Police.  
William S. Ennes, Mayor.

Although not generally known, ex-  
treme precaution has been taken to  
protect the public health among the  
thousands of patrons of the Gibson  
county fair this week, by the fair  
association and a food expert.

On being asked for, by the fair  
officials, J. L. Soden, of Vincennes,  
state man, inspector of weights and  
measures, pure food and drugs, came  
last Monday and has remained at the  
fair all this week, making inspections  
and carrying out measures for protect-  
ing health of the public there.

Mr. Soden, early in the week, made  
the rounds of the many concessions,  
eating and drinking stands. He found  
that lemonade, orangeade and other  
drinks were being served to everyone  
in glasses and much of the "eats"  
were in the open. He then issued  
strict orders for correction of this.

In the past, Mr. Soden pointed out,  
orders have been issued for steriliz-  
ation of all glasses and other recep-  
tacles from which soft drinks are  
served fair patrons, but in only few  
cases has this been complied with.  
"They neglect to follow out orders and  
then, too, in such cases as the crowd  
here Thursday, it would be impossible  
to do this, as in most instances, all  
glasses were off the counter and in the  
hands of drink buyers at one time,"  
Mr. Soden pointed out.

Accordingly, all stand men serving  
drinks in the bulk were ordered to  
serve these drinks in paper cups which  
were permitted either to be handled  
as they are or to be set inside the  
glasses, thus leaving the public to  
drink out of the paper cups, which  
were destroyed after use by each per-  
son. The order was complied with  
and Mr. Soden, by his daily rounds,  
saw to it that all his orders issued at  
the fair this week were carried out to  
the letter. He had everything in good  
shape, he stated. It was his business  
as a state man to look after conditions  
over the grounds and provide the ut-  
most sanitation and healthfulness.

These orders were not issued to  
place hardship on anyone, Mr. Soden  
pointed out, but to provide healthful  
and sanitary conditions and aid the  
public health.

One of the fair ground features Fri-  
day night was a special musical pro-  
gram given in the big automobile tent  
under the auspices of the Hoosier  
Mutual Insurance Co., with head office  
in this city. The program included  
several numbers each by the Dolly  
Varden Quartette, Princeton young-  
ladies, and the ever popular Hoosier  
Male Quartette. Both organizations  
delighted a crowd that packed the  
tent to overflowing and the quartette  
numbers were given big rounds of  
applause. Miss Nettle Young was  
accompanist for the Dolly Varden  
Quartette, with Mrs. T. R. Wilcox  
playing accompaniments for the  
Hoosier Male Quartette. Henry W.  
Reinhart, of the Hoosier Mutual Insur-  
ance Co., introduced the singers and  
accompanists.

### Splendid Music

One of the features of the 1926 Gib-  
son county fair, which has by no means  
been overlooked by the fair officials  
and general public, and which proved  
most capable for the occasion, was the  
renowned First Regiment Band, of  
Vincennes, which furnished the day  
and night concerts from the band stand  
in the amphitheater on Wednesday,  
Thursday, Friday and Saturday.

Following on the heels of Harold  
Bachman and his Million Dollar Band,  
who played at the fair Tuesday, day  
and night, the Vincennes band came  
here Wednesday morning and set to  
work on its four-day concert programs,  
which were splendidly given, and  
proved a real treat in the musical line.  
This band, which is recognized as one  
of the best in the state, literally outdid  
itself throughout the week. Under  
personal direction of Fred Jewell,  
bandmaster and composer, with many  
years experience with bands, the  
Vincennes organization made a decided  
hit with its concerts, which began at  
10 a. m. and continued afternoon and  
night, and the individual members and  
director made a most favorable im-  
pression on many friends while in the  
city. The band has played at the  
Gibson county fair previously, but this  
year was better than ever before.
