LABOR DAY CELEBRATION

ONE OF THE BIGGEST EVENTS IN YEARS TO BE HELD IN PRINCETON

The Central Labor Union representatives are making arrangements for the biggest Labor Day celebration in years to be held on Labor Day this year.

The fair association has invited the labor representatives to make use of the fair grounds on Monday of fair week for this event and the large Carnival company that is to at the fair this year will likely be engaged by the labor day officials to entertain the public on Monday as well as the remainder of the week.

By making Monday, Sept. 1, Labor Day, one of the big days of the week, and the big home coming celebration Tuesday, Sept. 2, and the remaining days being fair days, the first week in September will be one long to be remembered in Princeton.

As the Labor Day celebration is to be for the entertainment of all the labor committee wishes to make the day a banner one this year and therefore are asking the business firms and any others to make small donations. The cause is a worthy one and the committee will undoubtedly meet with success in soliciting financial aid for the celebration.

ELEVEN CENTS A FAIR PRICE

DEPARTMENT OF JUSTICE FIXES THAT FOR RETAILING A POUND OF SUGAR

WASHINGTON, Aug. 14.—Eleven cents a pound is a fair retail price for sugar, it has been decided by the department of justice, assistant attorney general C. B. Ames said today.

"Dealers charging more will be indicted," Ames said. "Ten cents is a fair wholesale price. The added cent is enough profit for retail dealers."

Ames asked consumers who are charged more to write to the department of justice or U. S. district attorneys and aid the campaign to catch profiteers.

Some retail sugar dealers are selling for 15 cents a pound, the department has heard.

Ames declared the department has obtained conviction of two profiteers, one at Pittsburg and another at Binghamton, New York. In this case the profiteers was fined \$500. The Binghamton profiteer was a grocer who was selling sugar at 15 cents a pound.
