# LABOR DAY - the turning point

## PRINCETON, IND. Monday, September 7th GRAND FREE CELEBRATION

### Parade -- Speeches -- Free Acts Gibson County Fair Grounds

LABOR DAY can be the turning point to good times if we will set this day aside for an accounting of ourselves . . . if we will daily do the work necessary as a unit . . . if we will buy the things we ought to buy while merchandise is based on true values. America has had depressions before and licked them . . . let's make Labor Day the turning point in this one. Every economic indication is in our favor. "Let's go! Every one of you! Let's go!"
