LABORERS ARE GUESTS

LABORERS TO DEFEND THEIR SOVEREIGNTY

MEXICO DOES NOT RECOGNIZE
 THE MONROE DOCTRINE.

PRINCETON, CITY, Sept. 2.—A de-
 Mexico against foreign repre-
 ns. particularly from the Uni-
 tes, regarding the lives of for-
 and their property was con-
 a message of President Car-
 read at the opening session of
 tonight. Particular mention
 ide in the message alleged in-
 practiced against Mexicans in
 ted States.

ing list of the alleged offenses
 en under the section of the ad-
 evoted to foreign relations.
 message also defended Mexico's
 ty during the war and pro-
 against charges that the Mex-
 iverment was incapable and
 ig to protect foreign lives and

e message President Carranza
 t that Mexico did not ask ad-
 to the league of nations be-
 he said, the league did not es-
 equality for all nations and

stated that Mexico had not

LABOR DAY BIG SUCCESS; FAIR GROUNDS ARE CROWDED

SPEAKERS FOR THE DAY WERE GIVEN ATTENTION—AMUSEMENTS
 PLENTY FOR THOSE WHO DESIRED THEM—REV. SPRAGUE,
 PRES. FOX AND HON. HOWARD S. RISLEY DELIVER THE
 ADDRESSES.

The Labor Day parade formed in
 south Gibson street and moved north
 to State, west to Main and then around
 the square from which point it went to
 the Fair Grounds where the regular
 program was carried out.

The parade was headed by the fire
 Department, chief Marshalls, Davis and
 Blake, followed by the Oaktown Band,
 then the speakers and officers of labor
 unions in automobiles. The organiza-
 tions taking part in the parade were as
 follows, as noted from the side lines:

- Central Labor Union.
- Large U. S. Flag carried by men.
- Machinists and helpers.
- Francisco Coal Miners.
- Coal Float and Miners.
- Railway Carmen Southern Shops.
- Ft. Branch Miners.
- Boilermakers Union and helpers.
- Princeton Miners Union.
- Blacksmiths.
- Sheet Metal Workers.

The parade was witnessed by a large
 number of people from the streets
 through which it moved and around the
 court house a crowd about as large
 as could conveniently be packed.
 Autoists and other vehicles were clear-
 ed from the line of march and the
 Laboring Unions had a clear street on
 which to make their display.

The parade was a decided success in
 every particular although not quite so
 large as has been noted in this city on
 former occasions. The men in charge of
 the affair are to be congratulated on
 the success of the day in general.

Labor Day in Princeton was a de-
 cided success and the committee in
 charge of the affair is to be congrat-
 ulated on the result of their efforts.

Following the parade of the several
 organizations through the city to the
 Fair Grounds the exercises for the day
 were carried out according to the pro-
 gram at the amphitheater.

all, without accident of any kind of a
 serious nature, and the laboring men
 of Princeton returned to their homes
 late Monday evening, with their fami-
 lie, tired but with the satisfaction of
 having presented to the public in gen-
 eral a demonstration and entertain-
 ment that did credit to their organiza-
 tions and themselves.

TRACTION CAR HITS AUTOMOBILE

LESTER HANSEN AND MOTHER
 HAVE NARROW ESCAPE
 SUNDAY NOON

Lester Hansen, driving a Ford road-
 ster, was stuck Sunday at noon on the
 Mitchell crossing south of the city, by
 the 12.15 northbound traction car.

Lester was returning from church
 accompanied by his mother, Mrs. J. W.
 Hansen when the accident happened.
 The Hansen home is located across the
 car line on the hill. A steep approach
 and no view of the track south of the
 crossing until upon the track, has been
 the cause of a number of accidents but
 for some time an alarm gong has been
 in use but it was not learned whether
 this was in working order at the time
 of the accident or not.

Neither Mr. Hansen nor his mother
 were injured, due to the quick work in
 Lester turning his car toward the in-
 bound interurban car and was success-
 ful in getting almost clear of the track,
 the traction car striking the Hansen
 car in the right front side and did
 damage to the extent of tearing off the
 fender and the wheel.

A deep ditch to the left of the cross-
 ing prevented Mr. Hansen from turn-
 ing in that direction which would have no
 doubt, given him ample time to get

In connection with the second grand jury he stated that new laws providing for payments of damages up to the present time, including not only damages suffered during the two revolutions, but resulting from isolated cases of revolt now existing in various parts of Mexico, and to lives and property when the damages were not caused by the fault of foreigners or negligence of the government would release cause for complaint.

Discussing the fourth cause of contention the president said that this was the most serious since it involved a violation of national sovereignty. He took up his previous declarations explaining the refusal of Mexico to sacrifice her liberty to govern according to her necessities "simply to satisfy the demands of all interests."

Statements for the various government departments, which were included in the message, were cited by the president to show the country was in a prosperous condition. The deficit of 5,000,000,000 pesos in 1917 he asserted, had been wiped out. The government is now absolutely solvent, with prospects of soon resuming payments on the foreign debts.

He said the army had been reorganized until the discrepancy between the number of men and the number of officers had been removed. He declared that discipline had been improved and that the few outlaw bands still in existence were in the process of being dispersed.

CONDITION SERIOUS

The condition of M. V. Witherspoon, a well-known and highly esteemed citizen, living on State street, is growing gradually worse and the end is thought to be not far off.

Mr. Witherspoon has been ill for some time and his many friends will indeed regret this sad news.

PARSONAGE WEDDING

Miss Sybilla L. Vogel and Mr. William F. Reed, both popular young people of Cannelton, Ind., were united in the bonds of holy matrimony at the First Methodist parsonage Monday September 1st, 1919. Dr. Price Alexander Crow, officiated. They were accompanied by Mr. and Mrs. Elsworth Vogel, brother of the bride.

These young people are held in high esteem and have every wish for a happy and prosperous life. After a two weeks honeymoon they will be at home to their many friends at Cannelton.

gram at the amphitheater.

The Star Spangled Banner was rendered by the audience assisted by the band and this was followed with prayer by Rev. H. A. Sprague, pastor of the Gibson street M. E. Church. Chairman Elmer Whitman, of the exercises made a few remarks and was followed by Rev. Sprague who entertained the audience for a few minutes with a most interesting speech in harmony with the occasion.

The meeting then adjourned for the noon recess and during the first part of the program for the afternoon, the Oaktown Band rendered a concert for more than an hour.

The first speaker of the afternoon was President Charles Fox, of the Indiana Federation of Labor and member of the State Council of Defense, who was introduced by the Chairman of the meeting and Mr. Fox delivered one of his typical Labor Day speeches which was received by the audience with numerous applause. After a short intermission for entertainment with races and acts in front of the amphitheater, Hon. Howard S. Risley, former Mayor of Stone Harbor, N. J., and at present national organizer for the Plumb plan of railway ownership, presented to the audience the salient points of government ownership of the railways of the country.

The speech was given rapt attention by the audience as it was the first of the character delivered in Princeton and the speaker handled his subject in a masterful way. The audience was made of both for and against the plan for government ownership but the plan presented by Mr. Risley was new to all and his arguments were forceful and convincing. Those who are not in favor of the plan were made acquainted with the many reasons why many do favor it through the speech by Mr. Risley. The speaker has devoted a number of years of his life to public affairs and after serving as the Mayor of a city he is now eligible as a member of the New Jersey state Grange, the farmer's organization of that state and he has had the advantage of coming in contact with the many different phases of the proposition that he is now presenting to the people of the country.

Seeing the Attractions.

The members of the several labor organizations and their families took advantage of the remainder of the day to take a tour of the Fair Grounds and witness the many displays that are now located for the remainder of the week.

The day was thoroughly enjoyed by

clear of the track, but at any rate it is due to the presence of mind of Lester that he took the alternative and turned south in time to keep the car from getting a direct hit upon the automobile.

BOOTLEGGERS ARE ARRESTED AT FAIR

HAD FISH STAND AND SOLD WHISKEY ON THE SIDE

A couple giving their names as Harry and Lucile Madison, man and wife, and their home as Evansville, were picked up on the fair grounds Monday afternoon by Chief of Police Guthrie, charged with selling whiskey.

The two were conducting a fish stand on the grounds and are said to have sold several bottles of whiskey during the morning. Chief Guthrie received a tip to that effect and made the arrest, bringing them to town and lodging them in the county jail.

Mr. and Mrs. Marshall Hestin and Mrs. Caleb Seitz, of Salem, Ill., are visiting Mrs. Seitz's sister Mrs. Gilbert Smith, west of town.

Call E. W. Cockriel, phone 81. Two closed taxis for city and country calls. Dependable service. F17-1f
