IN EVERY INCORPORATED TOWN AND CITY IN GIBSON COUNTY.

### LABOR DAY A GREAT SUCCESS

Several years ago the executive committee of the Central Labor Union comprising the several counties in this district were told that the only place to hold a real Labor Day celebration, for comfort, convenience, safety and general all-around pleasure for themselves, their wives, mothers and children, was the Gibson County Fair Grounds.

That statement was taken, at the time, with some misgivings, but it was decided to hold the celebration in Princeton with the fair grounds as headquarters and the rank and file of farmers, mechanics, miners and all those who take part in Labor Day were convinced then, that the statement was conservative in its general terms.

Of course there are other places where a Labor Day celebration could be held in this section, but we doubt if there is another place in southwestern Indiana as centrally located, where as much natural accommodation is offered as our fair grounds. As a result, Labor Day has been coming back year after year with the guarantee that they and their families will enjoy one real day of pleasure where there is little to ask for that is not at their hands, free.

Yesterday, another Labor Day passed into history and if it becomes any larger or more enthusiastic, the Gibson county fair grounds will have to be increased in size and the old amphitheater must be given a few more sections.

Monday, the crowd was so large that the fence around the grounds seemed to bulge out in order to accommodate all who were here, and yet, there was ample room. The inside ring of the race track was practically filled with automobiles and then they were parked around the track in a double row. The parade was long and fine and moved with no long waits. The entertainment at the ground was enjoyable from the time the immense throng assembled until they whizzed their way home late at night after the fireworks.

If there was ever a larger, more successful and better Labor Day in point of weather, attendance, entertainment and general satisfaction for all who came, those who were here Monday would have to be shown.

And all the entertainment of this week is not over. The Big Gibson County Fair is on and will continue until Saturday. If you are looking for a fine place to spend the day, meet your friends and be generally entertained come back often during the week and this will certainly be your pleasure.

Our friends among the laborers will gladly tell you that this picture has not been overbawled.

#### MR. DAILEY'S SPEECH

##### Indianapolis News.

The speech of Frank Dailey, delivered at Salem Friday, will serve still further to strengthen the Democratic candidate for Governor in the confidence of the people. There could hardly be a better illustration of the power of understatement, so moderate was the speaker and so surprisingly restrained his utterance. The speech is a substantial one, and only a momentary and low
