GRID FOLLOWERS LOOK FORWARD TO 1926 SEASON

INDICATIONS POINT TO INDIANA
 HIGH SCHOOLS HAVING BIG
 FOOTBALL YEAR—INTEREST IN
 "BIG TEN."

INDIANAPOLIS, Ind., Sept. 7.—
 (By U.P.)—With many of Indiana's
 larger high schools opening today,
 preparations are under way throughout
 the entire state for the high school
 football season which will soon burst
 into full bloom.

Sport fans are looking forward with
 especial interest this year to the "Big
 Ten" of Indiana high school grid
 teams, organized last spring, which
 will inaugurate its existence within
 the next few weeks.

Most of the "Big Ten" schools are
 already making active preparations for
 the inaugural campaign and several of
 the leading football towns, not in-
 cluded in the grid league, have also
 sent their prep stars to the grid camps
 for early training.

Football in Indiana is rapidly gain-
 ing in favor, sport fans, especially in
 the northern section of the state.
 West central Indiana is also taking
 renewed interest in the gridiron game,
 reports say, and critics believe that
 football may give basket ball a race
 for popularity honors if interest keeps
 on the upgrade.

The "Big Ten" gridiron league will
 add greatly to the interest being shown
 in football in Indiana, critics say, be-
 cause the league is represented by
 teams from all parts of the state.

Emerson of Gary, South Bend and
 Mishawaka represent northern Indi-
 ana in the league; Muncie, Marion,
 Morton of Richmond, Technical of
 Indianapolis and Elwood represent the
 central part of the state with Gerst-
 meyer of Terre Haute and Central of
 Evansville in the south.

The Big Labor Day Celebration

Was a Grand Success

Big crowds and a Grand Parade. This store has al-
 ways been a booster for Union made merchandise and has
 at this time more Union made merchandise than any store
 in Gibson county. We have never been a handler of sweat
 shop merchandise until some chain store competition
 comes along with 69c aprons, 49c shirts and 79c overalls.
 it has forced us to buy where they buy. We do not like to
 sell such merchandise but when conditions arrive, we must
 meet them.

Gibson County's Greatest Store

The Squirrel Has the Right Idea

Hurrying, scurrying busy little squirrel—working through the sum-
 mer months to lay by it's provisions for the winter Nature has pro-
 vided him with the saving instinct.

Would that many "humans" had it. For, it stands to reason that,
 unless man stores up a supply of ready dollars for the season of need
 in his life—he can't expect to enjoy unchecked happiness.
