DAY TO BE LIVELY

LABOR DAY WILL BE BIG EVENT
HERE NEXT MONDAY.

In Addition, the Big Fair Opens and
Masonic Cornerstone will be
Placed.

One of the biggest events in Prince-
ton in some time will be the Labor day
demonstration September 5. The
committees having charge of the ar-
rangements for the day is sparing no
pains and expense to make the day

city and all the trade unions will be
represented in it. It is to be a holi-
day for the laboring men and there
will be few laboring men in the city
and community who will not take ad-
vantage of it.

There will be good speaking at the
fair grounds in the afternoon, as sev-
eral prominent speakers are to be
present. There will be a dance and
fireworks display at the fair grounds
at night.

In addition to the Labor day events
Monday will mark the opening of the
big Gibson county fair. Another ev-
ent for Monday will be exercises in-
cident to laying the cornerstone of the
new Masonic temple. All these events
will certainly make the day a lively
one.

PRINCETON WILL BE A TRACTION CENTER AND THE AD-
VANTAGES TO THE CITY CAN NOT BE COMPUTED NOW IN
PERCENTS OR DOLLAR MARKS.

The invitation committee has been
notified that big delegations may be
expected from labor unions in neigh-
boring towns and cities. A delegation
one thousand strong is expected from
Vincennes, and it is probable that
three bands from that city will be
here and take part in the exercises.
A special train will be run from Vin-
cennes over the E. & T. H., leaving
that city at 8 o'clock in the morning
and returning will leave Princeton at
10:30, giving the visiting delegation
an opportunity to take part in the fire
works display and other exercises dur-
ing the evening.

The parade will be given at 2 o'clock
in the afternoon and almost all the

Tired, Tired Tired. That one word tells
the whole story. No rest,
No comfort. All tired out.
Fortunately, physicians know about Ayer's Sarsaparilla.
They prescribe it for exhaustion, anemia.

child has the best treat-
