## CROSSING COPS ON JOB SUNDAY

**GET PRACTICE IN HANDLING RUSH WHICH GETS UNDER WAY FOR THE FAIR**

The rush for the great Gibson county fair started yesterday and will continue all week. Horse, stand men and employes, exhibitors and many others interested in one or another department of the Great and Only were getting on the scene early.

Despite the heat and dust yesterday the crowds on the roads were in evidence at all times. The get ready for the traffic rush this week, special crossing policemen went on duty yesterday at the southeast and northeast corners of the public square.

## RAMSEY FREED AS MRS. GRASS SAYS, "NOT HIM"

The joke seems to be on Daniel Ramsey, 23, barber of this city, who lives with his wife and child, at 1007 south Race street.

Ramsey was arrested yesterday by police and placed in the city lock-up on suspicion of being one, "Fred Grass" of Quincy, Ill., wanted there for alleged wife and child desertion.

Ramsey protested he was not the man but he was locked up. Police said there was a striking resemblance between Ramsey and a photograph of

## LABOR DAY IS QUIET IN CITY

**REST AND RECREATION THE MAIN FEATURES FOR MOST OF LOCAL PEOPLE**

There will be no special observance of Labor Day here except in the way of rest and recreation which is practically the program for the entire city today.

A number of picnics were starting this morning.

A good many were going to Evansville, where John W. Walker, president of the Illinois Federation of Labor, is to speak this evening at Pleasure park. The annual parade will be held at Evansville this morning under the auspices of union labor organizations.

Members of the Princeton Country club are to hold their annual golf tournament at the club grounds, north of the city. The men's 18 hole handicap started at 9 o'clock this morning.

This afternoon a mixed tournament of ladies and men is to start at 2 o'clock.

Each member had the privilege of inviting guests.

## PRESIDENT JOHN L. LEWIS ISSUES LABOR DAY MESSAGE TO MINERS OF THE NATION AND TO ALL WHO TOIL

INDIANAPOLIS, Sept. 1 — The working men of America must not and cannot falter until the task of organization of the trade union movement is 100 per cent an accomplished fact, John L. Lewis, international president of the United Mine Workers of America, declared today in a Labor Day message to members of the miners' union.

"Labor Day should remind us all that it is on moral duty to help our brother toilers by bringing them under the banner of the labor movement," Lewis said. "Complete organization of labor in America must be the aim of the trade union movement. Nothing less will do. "It is right that America should pause one day in the year and celebrate over the fact that in this great country labor is free, that labor is noble, that labor is dignified and honorable.

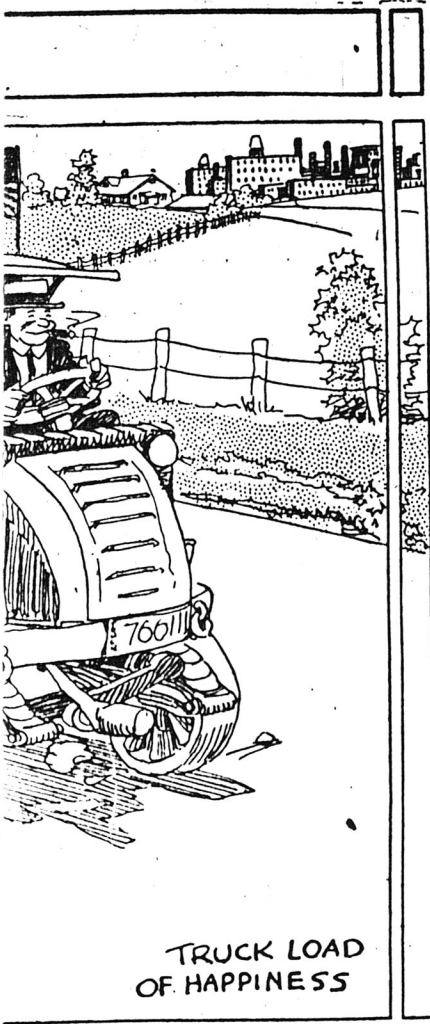

### BUILT BY TOIL

"This nation was built by the hands and the brains of those who toiled over their duties in moulding American society and civilization. It was due to the labor of those pioneers that the waste places were cleared and made to bloom in the sunlight.

"Labor is responsible for all the development that has taken place in America. All progress has come at the hands of labor. We should all be proud that we are counted among the laborers of the land where labor has accomplished so much.

"Millions have banded themselves together for mutual protection and mutual good under the labor union movement. Only those who refuse this boon or those who are arrogantly deprived of the right to join are the losers.

"On this Labor Day let us renew our determination to spread the light of trade unionism into all the land and to all the people."

TRUCK LOAD OF HAPPINESS

## G. A. R. FIFE AND DRUM CORPS TO TURN OUT FRIDAY OF FAIR

(BY PUBLICITY DIRECTOR OF  
(FAIR ASSOCIATION)

Did you know that Gibson county had a real live commander of the Grand Army of the Republic? Did you know that Commander Kilmartin had a real-for-sure drum corps? Mr. Kilmartin has made arrangements to bring his drum corps to the fair grounds Friday afternoon, to be in the big livestock parade. Comrade Joe Rosemeyer will be here with his fife and Comrade John J. Criswell will beat the big drum. This splendid drum corps went to the convention at Frankfort to help land the big G. A. R. convention next year.

Rev. G. C. Chandler, pastor of the Memorial Baptist church, of Indianapolis, filled the pulpit at the morning service at the Baptist church Sunday.

**Buy the Trying Stock**

Jeff LeMasters and Otto Smith purchased the store of Frank Tyrling at Augusta last Friday and it is understood that the purchasers will close out the stock at special sales in the next 60 days.

**Camp Ground Meeting Open**

The Southern Indiana Holiness Association begun its annual 10-day meeting at the camp grounds in this city Friday. An interesting and helpful series of meetings is in prospect.

**Observe Labor Day**

All the business houses will be closed except the soft drink parlors, here, Labor Day.

**LABOR DAY BEING OBSERVED HERE ON EVERY HAND TODAY**

This is indeed a holiday in Princeton, practically all business and industry being suspended in observance of the day. One attraction for the afternoon is the baseball game between Patoka and Francisco to be played this afternoon at Patoka for the benefit of the Methodist hospital.

**BIG CROWDS AT GIBSON COUNTY FAIR GROUNDS**

Sunday drew a great throng to the Gibson county fair grounds to look the grounds and the attractions over. Already the concessions are largely under way and in operation, and the crowds made the sight a lively one. The fair gives every promise of being an immense one this year. The indication is for more speed horses than ever before. The number of stalls is proving insufficient and a big tent is being brought from Evansville to house many of the horses during the week.

The sheriff says Newbolt, fired upon him and that they returned the fire and that he saw Newbolt, a Klansman and his own Deputy Allison, fall dead. The firing continued with forty or fifty shots fired.

Those known dead, all of Herrin, are: Glenn Deeming, Chester Reed, Dewey Newbolt and Charles Willard, J. H. Allison and Otto Roland.

Roland was a bystander and was hit by a stray bullet dying in the Herrin city hospital, the same building that the Klan riddled with bullets the night of the February riot led by S. Glenn Young.

Henry P. Helmster, a bailiff in the Herrin city court, was also shot and reported dying. Carl Shelton was shot through the hand. Harry Herrin and Charles Denham were injured but not seriously.

**Occurred After Court Hearing**

The encounter occurred after State's Attorney Duty nolleed the murder charges against the Shelton brothers, Carl and Earl, for the murder of Constable Caesar Cagle last February. This was in Herrin city court and following the dropping of the charges, Tim Cagle, father of the deceased Klan leader and Constable Caesar Cagle, made a dramatic statement in which he said that he did not believe the Shelton brothers were guilty. It was shortly after court adjourned that the rioting started in and around the J. H. Smith garage in Herrin.

**NOBLE THEATER PROGRAM FOR THIS WEEK**

TONIGHT AND TOMORROW: "Hollywood." Thirty real stars, 50 screen celebrities in a story of crowded thrills, laughs and surprises.

WEDNESDAY, SEPT. 3: Dorothy Dalton in "The Law of the Lawless."

THURSDAY AND FRIDAY, SEPT. 4 and 5: Bebe Daniels and Antonio Moreno in "The Exciters."

SATURDAY, SEPT. 6: "The Woman With Four Faces," with Betty Compson and Richard Dix.

NEWS, COMEDIES and SCENICS with each day's program.

Let the Noble theater furnish part of your fair week entertainment.

**INJURED BY ICE PICK**

Mrs. W. R. Hillman, 520 North Gibson street, suffered a very painful injury Saturday when in using an ice pick it passed entirely through her left hand.

**GO TO NEW HOME**

Mr. and Mrs. James J. Robinson expect to leave today for Bloomington, their new home, where Mr. Robinson will take up his work as an instructor in the law department of Indiana University.

The missing alligator has been found, and those who feared to step out in tall grass for fear of having a foot chewed off may rest easy once more. The alligator, about three feet long and brought from the Southern plantation of Thomas Duncan, escaped about a week ago from the Duncan home in north Main street. Saturday afternoon Prentice Duncan found it in the back yard there. It is believed it had been in hiding on the Duncan premises all the time.

The alligator was at once taken to the Niemeier store, where arrangements had been made some time ago exhibit it. It attracted much attention Saturday night and is still on exhibition there.

**BATTERY BOYS HOME AND GIVEN ROYAL WELCOME**

HAD A LONG AND TIRESOME DAY—DID NOT GET AWAY FROM CAMP KNOX UNTIL AFTER NOON SUNDAY—REACH HERE AT 9

Battery D, 139th Field Artillery, and Major Ben Watt and staff of the Second battalion arrived home at 9 o'clock Sunday night from the annual two weeks training at Camp Knox, Ky., coming in a special train over the I. C. and Southern. The battery brought its horses and all other equipment with it.

The train was due to leave Camp Knox at 9 Sunday morning, but delays by the I. C. railroad in getting its train together resulted in the battery being held at Knox until after noon. Other outfits leaving there were late. After reaching the Southern tracks at Louisville, a good run was made through to Princeton. The boys were surprised at the immense throng which greeted them, headed by the Princeton Independent band, and Captain A. Dale Eby gave a few words in expression of appreciation of the welcome and how glad the boys were to get home once more.

Most of the Oakland City and Francisco boys got off at their home towns. The band playing lively airs, led the march to the armory in south Main street, where the battery disbanded.

**PIGEONS "TAKE" COURT HOUSE**

Flocks of pigeons are infesting the towers of the court house to such an extent that they are proving a decided nuisance. Janitor William McKenzie obtained permission to try to "thin" them out, and attracted considerable attention late Saturday afternoon by firing into the pigeons; a number of times with a shotgun, killing quite a number of the birds.

and probably in south portion Tuesday morning. Somewhat cooler tonight.

**RAMSEY NOT THE MAN WANTED AS WIFE DESERTER**

**PROMPTLY FREED WHEN MRS. GLASS ARRIVES FROM ILLINOIS AND TAKES A LOOK AT PRINCETON CITIZEN.**

Mrs. Fred Glass, age about 32, and her father, of Quincy, Ill., came to the city Sunday afternoon to "take a look" at Dan Ramsey, 23, at present a resident of Princeton, and who has been held by police at the city station since Saturday morning, due to his resemblance to a picture of Mrs. Glass's husband, who is said to have left her two years ago.

Mr. Ramsey has a wife and child here and is living at 1002 South Race street with relatives. After one look at Ramsey, Mrs. Glass said: "No, that isn't Fred; he is larger and is much older."

Ramsey was immediately released by Officer Hyslop and Chief Fettingler.

The picture of Glass bore a striking resemblance to young Ramsey, and Ramsey said his one fear was that he might have a "twin brother" around and that the deserted wife might think he was her husband.

As Ramsey left the police station he casually remarked:

"Well, at any rate, the joke's not on me."

**U. S. FLYERS HAVE REACHED AMERICA WITHOUT MISHAP**

ABOARD THE U. S. S. RICHMOND, Sept. 1.—The American 'round-the-world flyers have arrived in Labrador.

The flyers left Ivigtut, Greenland, at 6:29 o'clock, eastern standard time, Sunday morning, and arrived at Ictickle at 1:03 p. m., eastern standard time.

The flyers made the 570 miles without mishap or delay in six hours, 49 minutes, in a northwest wind, varying from 20 to 40 miles an hour. At times the speed of the planes reached as high as 126 miles an hour.

**HELD FOR INTOXICATION**

Dave Beloit was arrested Sunday night on a charge of intoxication. Arrangement was slated for some time Monday.
