

# For Gibson's Week; Great Labor Parade Monday Morning

## WILL HOLD NIGHT FAIR

WILL BE BIG FEATURE OF NEXT WEEK IN PRINCETON

Differences Between Association and Company Contracted With Will Not Interfere With Original Plans—Self Entered by Fair Association at Vincennes Yesterday.

It has been suggested that owing to some difficulty between the fair association and the carnival company that had been contracted with for day and night fair, the night fair would have to be dispensed with. President Murphy of the fair association, however, upon being interviewed today asserted very vigorously that this report is utterly unfounded.

It is true that the fair association had entered into contract with a carnival company now showing at Vincennes and that the contract was broken by the carnival people, thinking, it is asserted by fair officials, to catch the local people in a "pinch," and force them to make a great many valuable concessions without remuneration therefor.

Attorney T. Morton McDonald was sent to Vincennes yesterday and entered suit against the carnival company, the Campbell United Shows, for \$5,000 damages for breach of contract, and to secure the collection of whatever damages are awarded, attached all the property of the company at that point. Up to noon today the company had been unable to give sufficient bond to justify the sheriff of Knox county in allowing them to remove their property from his jurisdiction.

Since the alleged breaking of the contract, Prosecutor Fisher, Secretary Smith and Superintendent Steele have been devoting practically their entire time in person and by long distance telephone to securing additional free shows and attractions to take the place of the amusements already contracted for. All the officers of the fair association, in a board meeting held immediately upon learning of the attitude of the carnival company, unanimously agreed that no expense should be spared in furnishing to the people of Gibson county a program equivalent as good as the one already proposed, and the executive officers are putting every bit of energy they have at their command to the task of making this promise a made good. It is declared today that the program to be presented will be the best ever presented here, and that it is saying a good deal.

## INTERVENTION BY PRESIDENT

BEHEVED THE ONLY THING THAT WILL AVERT STEEL STRIKE

Gary Made No Reply to Request for Conference—Gompers Goes Over the General Labor Situation of the Country in Meeting With Wilson Friday Afternoon.

(By United Press.)

WASHINGTON, Aug. 30.—Intervention by the president today appeared to be the only thing that will avert a strike of steel workers in the steel industry if they attempt to carry out their threats. The time limit given Judge Gary, head of the U. S. Steel Corporation, for reply to the last letter of the steel workers committee asking a conference has expired without a reply being received.

Early today when a reply was still lacking, John Fitzpatrick, head of the committee, declared there was "nothing more to be done."

President Gompers, of the American Federation of Labor, presented to the president the case of the steel men, along with an outline of the general situation, yesterday afternoon.

## INDICTMENTS ARE RETURNED

MARION COUNTY GRAND JURY CHARGES STORAGE VIOLATIONS

With Food Alleged to Have Been Held Far Longer Than the Law Permits

(By United Press.)

INDIANAPOLIS, Aug. 30.—Five storage firms, three leading packers and five commission concerns of Indianapolis were indicted today by the Marion county grand jury in its first report on the high cost of living. Approximately 100 indictments were returned alleging various violations, including that of the law which provides that foodstuffs shall not be kept in cold storage more than nine months, requiring dates of storage to be stamped on the articles.

Following is a list of the firms indicted:

The Indiana Refrigerator Co., the Holt Ice and Cold Storage Co., the Crescent Packing Co., Armour & Co.'s local packing branch, Hesse & Co., the Myer Packing Co., the Kingan Company, Ltd., Hitz & Co., Shideler & Co., Frank L. Hartsock & Co., the Bessey Bros. Commission House and the James L. Keach Co.

The indictments charge the Indiana Refrigerator Co. has had 1800 pounds of cheese in storage since Nov. 1, 1917, while the sky was gradually becoming the limit on cheese prices.

It is charged that the cheese had been in cold storage 23 months, in violation of the Indiana law, which prohibits storage more than nine months. That thousands of pounds of pork bearing no storage date, was found is charged.

It is alleged there were more than 1,854 bushel baskets of apples in storage at the plant of the Indiana Refrigerating Co. without date of storage, and also 395 barrels of apples without date.

## FORMATION OF THE VARIOUS UNION ORGANIZATIONS OF THE COUNTY FOR THE LINE OF MARCH

(By Publicity Director Gibson County Fair Association.)

The arrangements have all been made for a great day next Monday. The only thing that can keep us from having a big time is the rain, and Marshal N. C. Blake says he has that matter all fixed.

Practically every business house and office will be closed. The first thing is the big parade in the morning, commencing at 9:30. For fear some have forgotten the line of march, we will give it again today.

The parade will start at Kentucky and Gibson streets; thence north to State street; thence to Main street; thence to Broadway street; thence to Hart street; thence to Spruce street, and from Spruce street to the fair grounds.

The different labor organizations will form as follows:

On Monroe street facing Gibson, the United Brotherhood of Maintenance of Way; the Blacksmiths and the Electrical and Stationary Engineers.

On Pinckney street facing Gibson, the Barbers and the Princeton Local of the U. M. W. of A.

On Mulberry street facing Gibson, Brickmasons, Sheet Metal Workers, Boilermakers, Railway Clerks, together with the telephone Operators.

On Christian street facing Gibson, Carpenters, Painters and the Fort Branch Local of the U. M. W. of A.

On Illinois street facing Gibson, the Brotherhood of Railway Carmen.

On Indiana street facing Gibson, the Francisco Local of the U. M. W. of A.

On Kentucky street facing Gibson, the Central Labor Union, the Machinists, the Oaktown band, the speakers of the day, the mayor of the city, the judge of the circuit court and the reception committee.

After the parade has reached the fairgrounds and disbanded the speaking will commence. There will be speakings both morning and afternoon.

There will positively be good horse racing, some good free attractions, good music, good speaking and a general good time.

We expect to have a big time Monday.—come out to the fair grounds and have a good time.

All is set for the biggest week Gibson county and Princeton have known opening Monday with the Labor Day parade and celebration at the fair grounds, when two noted men of labor will speak, Charles Fox, president of the State Federation of Labor, just re-elected, and Hon. Howard S. Bixley, national organizer of the Plumb Plan League. The Rev. Horace A. Sprague, of this city, will also be a speaker. The addresses will be in the amphitheater at the fair grounds, with one address in the morning and the others in the afternoon. There will also be an afternoon program of horse racing and other entertainment features.

Monday night the night fair will open, with band music, good free attractions and good paid attractions. The grounds will be well lighted and well policed. The night fair will continue all week, with good attractions each night.

Monday being a holiday, business in general will be shut down throughout the day, and the stores and business houses will be closed all day. The business houses will also be closed part of Tuesday.

## WELCOME FOR OUR SOLDIERS

Tuesday will be the great day of welcome home for our soldiers of the land, sea and air of the world war, and it is expected that hundreds of the returned soldiers and sailors will be here, some in uniform, some in citizens clothes, but all "welcome as the flowers in May" and with Gibson county civilians here en masse to give them glad greetings. There will be no parade, but the soldiers will go, in bodies or individually, to the fair grounds, in the morning. If they have their souvenirs or tickets, they will be "all set" for the big barbecue dinner in the infield of the race track. They do not have this, they should go to the secretary's office at the fair grounds and make their presence known, and they will be fitted out with whatever is necessary to sit in on the big show. Every soldier and sailor of the late war is invited and urged to attend; it is Gibson county's welcome home to them, and Gibson county is putting up the money to see that they are well fed and well entertained.

## CONGRESSMAN LAGUARDIA

The speaking will be given at the amphitheater after the show has been stowed away, and the speaker will be one of the soldiers of Gibson county who will be glad to hear—a real congressman who was not content merely with words and legislation, but who left his seat in congress to enter the American army in person, Congressman F. H. Laguardia, of the 14th New York district, New York City, was one of three congressmen who entered the war. In the air service, he was sent to the Italian front, and there he not only did valuable war work, winning promotion to a majorship, but by his impassioned appeals to the people of his ancestry in their darkest hours he did much to restore or bring out the splendid spirit that finally threw the invading enemy back in the crushing defeat that settled the war on that front. This soldier whose influence was so felt on the battle front comes here to greet his comrades of the A. E. F. and the soldiers who formed the great reserve army on this side. As a man of action, he will receive cordial greeting from every soldier, as well as from Gibson county's entire citizenry. His address will undoubtedly be one worthy the attention of every American citizen.

## THE FIREWORKS AT NIGHT

The afternoon, following the speaking, will be given over to social mingling and greetings and varied entertainments. At night at 8:00 the fireworks

## SEES ATTEMPT TO RUSSIANIZE

(By United Press.)

NEW YORK, Aug. 30.—The Plumb plan is an effort to Russianize American railroads and apply to them the same system, according to Judge Fox, chief of the American people rather than the railroad owners or executives, would suffer if the Plumb plan were adopted from Evansville.

## FARMER DEMANDS \$15,000 IN ACTION FOR SLANDER

EVANSVILLE, Ind., Aug. 30.—Judge Fox today ordered \$15,000 in damages and attorney fees from the newspaper which was accused of slandering a farmer.
