DAY TO BE QUIET

NO LABOR DAY EXERCISES PLANNED FOR PRINCETON.

Many Business Places to Close—Special Services at the City Churches Tomorrow Night.

Monday being Labor Day and also the opening of the Gibson county fair, a large crowd of visitors is expected in the city. There will be no celebration held here and many of the union men will attend the celebrations to be held in neighboring cities. Many have signified their intention of attending the celebrations to be held at Evansville and Vincennes.

The Southern shops will close Monday and allow the employes a day off to observe the national holiday. Many other institutions of the city will also shut their doors. The banks will be closed and the barber shops will shut up at 11 o'clock.

Owing to the fact that Monday is the opening day of the fair the stores of the city will not likely close since they are kept busy supplying the demands of fair patrons in getting ready for a big day on Tuesday.

Many who do not intend going out of the city will likely attend the fair or the big ball game at North Park.

Services will be held at the First Presbyterian church, by Rev. Shedd, Sunday evening and all the different unions in the city have been tendered special invitations to be present and will likely attend in a body.

WATCH IS STOLEN

It was Taken From Under Pillow Without Arousing the Sleeper.

John Hopkins, a cleark at Biggs' drug store, reports the loss of a gold watch, which was taken from his room at the King hotel sometime Friday night.

Upon retiring Friday night Hopkins placed the watch under his pillow and when he arose this morning the watch was gone. Some one had entered the room during the night and took the watch without arousing him. The watch was valued at $25.

The police are working on the case, but so far have found no clue.

Death List Reaches 71.

QUEBEC, Que., Aug. 31.—Accord-

EVERYBODY BUSY

GETTING THINGS IN READINESS FOR THE BIG SHOW.

Fair Grounds Present a Busy Scene —Tents and Stands are Being Placed in Position.

Everybody is getting ready for the big show and the fair grounds presents a busy scene today. Many persons are on the grounds putting up their stands and the superintendents of the different departments are kept busy getting ready for the exhibits.

From all present indications the fair this year will be the biggest ever held, every department having more entries than ever before and more are pouring in daily. The grounds present an inviting appearance, all of the dead trees having been removed and the buildings have been overhauled and white washed. The race track has been put into good condition in anticipation of the big races.

All that is needed for the biggest week in the fair's history ever held is good weather. The heads of the different departments have worked hard this year and their efforts are plainly shown in the larger exhibits in all the departments.

REPORT IS DENIED

PRESIDENT ROOSEVELT NOT TO ENTER NEWSPAPER WORK.

Secretary Loeb Denounces Report as Fake Out of Whole Cloth—Rumors in New York.

OYSTER BAY, Aug. 31.—President Roosevelt is not to become a newspaper man at the close of his term as president. The story printed in New York today to the effect that he was negotiating for the purchase of the New York Tribune is denounced by Secretary Loeb as a fake out of whole cloth.

"No such plans have ever been thought of by the president," said Secretary Loeb, "neither would he consider it for a moment. The very idea of a former president conducting a newspaper and criticising the acts of his successor is undignified."

FIGHT STILL ON

ANOTHER REMONSTRANCE FILED FROM THE FIRST WARD.

It is a Blanket Remonstrance and Contains 250 Names—Fifth Remonstrance Since Febuary.

At 11:40 o'clock Friday night a committee of temperance people filed a remonstrance from the first ward with County Auditor Harry R. Embree. It is a blanket remonstrance and contains 250 names, the largest number of any remonstrance that has been filed from that ward.

To some the filing of the remonstrance was a surprise, but the saloon men knew that the papers were going to be turned over to the auditor and when the remonstrance committee entered the court house last night the saloon men had a committee on the spot to see what was being done.

This remonstrance is not against any individual in particular, but against the liquor business in general and is meant to apply to any and all applicants. Thus far there is only one applicant for license from this word, Samuel Brown, who now has a case pending in the circuit court.

The temperance forces claim there were 477 votes cast for secretary of state at the last election and that 239 votes would carry the ward. This is the fifth remonstrance to be filed from this ward since last February.

LABOR DAY PROCLAMATION.

By virture of the authority vested in me as mayor of the City of Princeton, Indiana, I, Robert A. Cushman, do hereby designate, set apart and proclaim Monday, September the 2d, 1907, as

LABOR DAY,

and I do hereby further declare the same a legal holiday and recommend its observance as such by all the people of our city. It is a worthy custom that has set apart a day out of each year when the friends of labor may celebrate the virtues of toil. Labor is the foundation of our civilization; that upon which all true progress and prosperity depends. It should be our first duty and concern to look well to the wel-
