LEWIS DIRECTS MINERS TO RETURN TO WORK

(BY THE UNITED PRESS)

INDIANAPOLIS, July 31.—John L. Lewis, president of the United Mine Workers of America, today issued a formal order directing all coal miners on unauthorized strike to return to work.

Lewis explained in the order that he was issuing it in consideration of the request of President Wilson.

A copy of the telegraphic order will also be sent to President Wilson in reply to the president's message of last night demanding an end to the tie-up of the Indiana and Illinois mines.

"Meetings of your local unions should be immediately convened," the order read, "and action taken to comply with this order without further delay."

The order was telegraphed to every striking local union in Indiana and Illinois. It followed a quotation of the Wilson message and added:

"In consideration of the request of the president as contained in the foregoing, and acting in accordance with the authority vested in me as president of the United Mine Workers.

"I herewith order and direct all members of our organization who may be idle or on strike, contrary to the provisions of the interstate joint agreement, to return immediately to their employment and permit the normal operation of the mines. Meetings of your local unions should be convened and action taken to comply with this order without further delay.

"The president's telegram emphasizes the grave responsibility which devolves on every member of our organization to conform to proper procedure within our union and to discharge our obligation to organized society. It furthermore provides a way to secure consideration of the basic inequalities in the interstate agreement, and the word of the president is pledged that a joint wage conference will be convened when our membership exhibits its good faith.

"It is therefore apparent that an immediate compliance with this order by our membership will expedite the disposition of the question at issue. I earnestly hope that our members will thus demonstrate the integrity of our union and the sacredness of our obligation.

(Signed) "JOHN L. LEWIS,
 "President of the United Mine Workers of America."

BOY INJURED BY FALL FROM HORSE

GEORGE ALLEN MOSSMAN SUFFERS BROKEN ARM AND DISLOCATED ELBOW

George Allen, the eleven-year-old son of Mr. and Mrs. George Mossman, 323 north Main street, was painfully injured late yesterday afternoon, when he fell off the horse which he was riding at the home of Robert Peck at Jopplefield. His left arm was broken and the elbow dislocated. It was necessary to take an X-ray examination of the arm this morning. The boy is reported to be making good recovery.

GRIM REAPER

Don Frederick Shmel
 Don Frederick, the six-weeks-old son of Mr. and Mrs. Fred Shmel, died last night at 9 o'clock. Death was due to spinal trouble.

The funeral will be held at the residence of Daniel McDonald tomorrow afternoon. Burial will be in the Odd Fellows cemetery.

Mrs. Belle Hanks
 Mrs. Belle Hanks died Friday afternoon at the home of her daughter, Mrs. Ida McNew, near St. Francisville, Ill. after an illness lasting about three weeks. Funeral will be held at 2 o'clock

SPECIAL SESSION IS GIVEN PRAISE

GOVERNOR TELLS OF BLUE SKY BILL AND OTHER VALUABLE MEASURES

Tax Legislation Will Be Found to Be Satisfactory, Says Governor Goodrich

(By the United Press)

INDIANAPOLIS, July 31.—Governor James P. Goodrich today issued a formal statement congratulating the members of the special session of the legislature on the special session.

"I congratulate the members of the special session, every one of them upon the patriotism and the unselfishness that marked their conduct during the session," the statement said.

"The problems they had to deal with were of unusual difficulty.

"They enacted into laws, a series of bills of more than extraordinary importance. Among them were the blue sky law which will go far under the administration of Major Ed Jackson (secretary of state) to prevent swindling of the people of the state by unscrupulous men by means of worthless securities."

Among the laws the governor named the following:

"A law amending the tax law so as to restore the power over tax levies and bond issues to the local taxing units instead of to the state tax board. While it was necessary that that power be vested in the board in the early administration of the law, now that the amounts on the duplicates have been fully determined, that power can be safely returned to the local units.

"The legislature met the situation created by the supreme court's decision by passing the law giving the power to the local boards of review, the local boards to review the levies of 1919 and after that the people can take action through the local boards.

"The emergency bill providing funds for state institutions was also passed.

"The legislature did not pass the coal control bill, appealing to President Wilson to insure a full supply of coal, yet under the administration of Jesse Eschbach, an effort will be made to insure the people coal and a fair and reasonable price.

"It also enacted the soldiers' memorial law, insuring the speedy erection of a building to commemorate the valor of those who served the nation in the world war."

Other laws mentioned by the governor were:

Abolishing the employment bureau, incorporating its duties under the industrial board.

Empowering the public service commission to make priority of orders on coal shipments to state institutions.

Amending the election laws so as to provide for women voters.

Amending the road laws restoring the authority over local roads.

REPUBLICANS CALLED THIEVES

WILL BUY, STEAL, BRIBE OR STUFF BALLOT BOX SAYS SPEAKER

Courier Quotes Some of the "Arguments" of Thomas Duncan at Evansville

Evansville Courier:

A get-together meeting of the Democratic district organization was held at 2 o'clock yesterday afternoon at the Vendome hotel at a call of District Chairman Vandever, of Princeton. All but Pike county sent representatives.

Judge Thomas Duncan, of Rockport, hailed as Spencer county's most fiery orator, spoke and during his talk adjectives, dripping venom were hurled time and time again at the enemies of President Wilson, who he characterized as the "world's greatest president." He said it gives him a spasmodic day to stand around on a street corner and hear this one and that one blame lower crop prices on the president.

Banging his right fist in the palm of his left hand the judge declared that right then and there he wanted to blif some one in the nose.

"Talk will not win an election," said the judge. "What we need is action. Talk is something that dreams are made of. Speeches won't get you anywhere. It takes eternal diligence and the courage of crusaders to win this fall.

"You hear talk of an easy victory for the Democratic party," he said. "It's not going to be an easy victory. The Republicans are going to work hard to overthrow us and they'll buy, steal, bribe or stuff a ballot box. I wouldn't put anything past them."

Urges Many Meetings

The judge said he was a firm believer in the old school-house meetings and suggested that speakers be sent to all parts of the district, as he put it, "to spread the faith to the uttermost corners of the earth." He declared that the faith in this case is the Democratic party.

BRING TRUTH ABOUT QUAKES

MR. AND MRS. C. E. PAUL IN LOS ANGELES WHEN IT ALL HAPPENED

Mr. and Mrs. C. E. Paul, 811 south Prince street, who returned to Princeton yesterday, after a visit in Los Angeles, Cal., were able to give some first hand information regarding the earth quakes that have been carrying on in that fast growing city.

From what Mr. and Mrs. Paul say and judging also from a letter written by Miss Chryle Avenlus, formerly of this city and niece of Charles Avenlus, in north Race street, the earth quakes in Los Angeles were all that has been claimed for them. Miss Avenlus, who lives in Los Angeles, told in her letter of a kitchen table tossing in the quake so that dishes slid from the table to the floor and of a medicine cabinet from which the contents crashed to the tile floor of a bath room.

According to Mr. and Mrs. Paul the
