Y FRIDAY EMBER 8

LING MBER 18

View of Bow of 194

"As I would not be a slave, so I would not be a master," said Abraham Lincoln.

And, on this holiday—management and labor, side by side, salute the toiling forces

that have created our great, democratic free labor society. As labor enjoys its day of rest, we all salute

the proud achievements of its past... confident of the prosperity and progress the hands of labor are yet to shape in the future of our nation!
