PAD; FREED IN PURSUIT

(By United Press)

INDIANAPOLIS, Aug. 19.—A number of Indianapolis men who are members of the officers reserve corps have received information to hold themselves in readiness for call to service at any time. It is assumed the Mexican situation has led to this order.

(By United Press)

AUSTIN, Tex., Aug. 19.—Anticipating an early climax in the Mexican situation, Governor Hobby today ordered speeding up of recruiting of the Texas guard to full strength of 16,000 men. The guard now contains two brigades of cavalry and one of infantry.

(By United Press)

EL PASO, Tex., Aug. 19.—Eighth cavalry troops crossed the border below Candelabra early today in pursuit of the bandits who released Lieuts. H. G. Peterson and Paul Davis for \$15,000 ransom.

Planes were scouting with the cavalry in an effort to pick up the trail of the bandits.

Col. Langhorne said the American troops across the Mexican line in accordance with an order from the war department authorizing such expedition when he had a "hot trail."

SAYS NO OFFICIAL REPORT

(By United Press.)

WASHINGTON, Aug. 19.—While Secretary of War Baker claimed this afternoon to have no official confirmation that the eighth cavalry had crossed the Mexican border, it was admitted that Col. Langhorne had orders to cross as soon as the two kidnaped aviators were saved.

Baker held a short conference with Secretary Baker at noon.

The state department previously had assured the war department that a

military expedition after bandits would be permissible.

HOW THE MONEY WAS PLACED

(By United Press)

SAN ANTONIO, Aug. 19.—Official reports to the headquarters of the Southern department today said the full \$15,000 for ransom was paid Mexican bandits for release of Lieuts. Peterson and Davis.

According to official reports here, Capt. Matlock of the 8th cavalry, deposited \$7,500 across the line, and returning a few minutes later he found Lieut. Peterson.

The remainder of the \$15,000 was then deposited and he left again. Returning he found Lieut. Davis.

RANSOMED MEN RETURN

(By United Press.)

EL PASO, Tex., Aug. 19.—Lieut. H. G. Peterson and Paul Davis, set free by Mexican bandits on payment of \$15,000 ransom, arrived on the American side of the border early today, according to reports from Marfa, Tex.

Capt. Matlock of the 8th U. S. cavalry carried the ransom money from Marfa across the border, returning with Davis, while Peterson preceded them.

The ransom money, raised by private subscription in the vicinity of Marfa, reached the bandit hiding place last night.

U. S. WILL REPAY DONORS

Capt. Matlock, in charge of a small squad of cavalry, escorting Vice President Farnell, of the Marfa bank, carried the ransom across the border alone.

The donors of the ransom will be reimbursed by the U. S. government, according to Major Dickman, commanding the Southern department.

SAYS MEXICO WILL REPAY U. S.

(By United Press.)

WASHINGTON, Aug. 19.—The Mexican government will repay ransom money paid to bandits who captured Lieuts. Davis and Peters, a representative of the Mexican government said today.

(By Publicity Director Gibson County Fair Association.)
The plans are all arranged for the biggest Labor Day in the history of the county. The fair grounds is the place and Labor Day, Monday, September 1, 1919, is the day.

The board of directors of the Gibson county fair association at their meeting some time back asked the Central Labor Union if they wanted the fair grounds Monday, September 1, and the committee from the Central Labor Union accepted the offer and have arranged a magnificent celebration and festival.

The day will begin with a monster parade with N. C. Blake as chief marshal. Mr. Blake has acted as chief marshal at several parades, and it always means success to have Blake as marshal. Mr. Blake has two able assistants to help him in getting the parade in order, Sherman Davis and H. A. Bee.

Mr. Blake has arranged the following line of march:
The parade will start at Kentucky and Gibson streets, thence north to State street, thence to Main street, thence to Broadway street, thence to Hart street, thence to Spruce street, and from Spruce street to the fair grounds.

THE LINE UP

The different organizations will form as follows:

On Monroe street facing Gibson, the United Brotherhood of Maintenance of Way, the Blacksmiths and the Electrical and Stationary Engineers.

On Pincney facing Gibson, the Barbers and Princeton Local of the U. M. W. of A.

On Mulberry facing Gibson, Brickmasons, Sheet Metal Workers, Baller-Makers and the Railway Clerks, together with the Telephone Operators.

On Christian street facing Gibson, Carpenters, Painters and the Fort Branch Local of the U. M. W. of A.

On Illinois street facing Gibson, the Brotherhood of Railway Carmen.

On Indiana street facing Gibson, the Francisco local of the U. M. W. of A.

On Kentucky street facing Gibson the Central Labor Union, the Machinists, the band, the speakers, the mayor of the city, the judge of the circuit court and the reception committee.

SOMETHING DOING ALL THE TIME

The parade will form at 9:30 a. m. and will go to the fair grounds. From the time the parade reaches the grounds until the sun goes down in the evening there will be something doing all the time. There will be fun, frolic, entertainment, pleasure and a good time for everybody.

Speakers have been engaged among them is Charles Fox, president of the State Federation of Labor, and who was the labor representative on the State Council of Defense; the Rev. Horace A. Sprague, pastor of the Gibson street M. E. church, and others.

There will be at least two good horse races, plenty of free attractions on the free attraction platform, good music by an Italian band of thirty pieces, plenty of ice water on the grounds—in fact the Central Labor Union and fair association have gone their limit in seeing that Monday, September 1, is a real festival day for all the citizens of the county, and especially the men who have set aside Monday, September 1, as a holiday.

BEST IN THE STATE

Gibson county has the best labor organizations in the state, and when we say that we feel that it is the absolute truth. This year the whole people of the county should get together and have one great, big real festival.

The Central Labor Union has appointed a reception committee whose duty it is to see that you are properly received and that you have a good time, and these men will be on the job from early morning until the day is over.

RECEPTION COMMITTEE

The reception committee is composed of the following well known citizens: Mayor C. A. Shubart, Judge S. L. Vandever, Wesley McDowell, of the Carpenters; Tom T. O. Whitten, of the U. M. W. of A.; E. O. Bennett, of the Ballermakers; Tom Christian, of the Teamsters, and Shirley Smith, of the Machinists. And if you need anything or want anything, you look up one of these men and tell him your troubles.

Elmer Whitman will be in charge of the speakers and see that they are properly introduced and that they see all the good things of the city.

CHILDREN AS GUESTS

The Central Labor Union is planning something else—they are not only planning to, but they expect to bring the children from the orphans home to the fair grounds and have them as their guests for the day and see that all these unfortunate little folks of the county have a good day.

Now if you can think of anything these men have forgotten to do, see Marshal Blake and tell him, because Blake says that he doesn't want to miss anybody or forget anything and when you see Blake he will smile and almost throw his hat in the air and say that Gibson county folks will have such a good time on Labor Day this year that they will forget they ever had any troubles.

NO GROUCH GOES

Another thing we want you to remember; this is all free. The fair association and the Central Labor Union are giving you all of this entertainment; all we want you to do is to put off that grouch if you have one and come to the fair grounds prepared to enjoy yourself. If you see some of your friends that think the world is all wrong, bring them to the grounds.

Don't forget that Monday, September 1, is going to be "some day," and just make up your mind to come out and help celebrate.

WILSON TELLS OF TREATY

SENATE COMMITTEE VISITS HIM AT WHITE HOUSE

Executive Holds Out That the Desired Effect Can Only Be Had By Adopting the Present Treaty and Covenant Unamended and Without Reservations—Gives His Explanation on Various Points

(By United Press.)

WASHINGTON, Aug. 19.—The senate must accept the peace treaty and the League of Nations covenant as they stand or reject them utterly, President Wilson told the senate foreign relations committee at the White House today. There can be neither amendment or ratification that will be acceptable to the president.

Urging that the senate expedite ratification of the peace treaty, Wilson today opened his conference with members of the senate foreign relations committee.

In substance he said: The readjustment of our national life to normal depends on getting the treaty out of the way; that until then the business of the country, both domestic and foreign, will be at a disadvantage; that the nations that have ratified the treaty will get the "jump" in a trade way.

Denounces Proposals

That there is no doubt in the minds of those who wrote the covenant that the so-called doubtful provisions mean exactly what the United States wants them to mean.

The president denounced the proposals for reservations on Article 10, the Monroe doctrine and domestic questions.

Resolution Must Be Separate

He declared there can be no objection to passing a resolution interpreting reservations from the American point of view, but this resolution, he added, must be kept separate from the ratification. If it is made a part of the ratification it will force the United States to go to Germany begging her to accept our interpretations of the treaty, and that is something, he declared, the United States is very reluctant to do.

The Lusitania

He declared the United States had not waived its claim for reparations for the sinking of the Lusitania, but that the amount will rest with the reparations committee. The president said he claimed nothing under the general reparations.

Immediately after the president had concluded his statement, senators began questioning him. The questions centered about the League of Nations.

Drafting of Covenant

Senator Lodge brought out facts concerning the manner in which the covenant was drafted. President Wilson said the final draft was made from the American and British plans and that his previous statement that the Smuts plan had been the basis of the covenant was somewhat misleading.

Moral Obligations

The president declared that the United States can interpret for itself moral obligations under the league covenant, such as the use of force under Article 10.

Senator Lodge asked what are the prospects for getting the other treaties now being drawn up in Paris. The president said the prospects were very good and that the delay was due to his wanting to see what is going to happen to the German treaty.

Pacific Islands

Lodge then asked whether the United States would get any of the Pacific islands taken from the Germans for

DRILL IN WELL SOUTH OF UNION

PETERSBURG, Ind., Aug. 19.—Bald and others of Indianapolis who are working on an oil well on the Davidson farm one mile south of Union, at a depth of 725 feet drilled into eight feet of sand yesterday afternoon. Three barrels of oil were taken from the well in a short time and indications are that the well will make from thirty to forty barrels.

The sand was found in a strange formation different from that found in the other wells in the Union field, 400 feet above the deeper sand.

Drills, Band Concert, Speaking and Big Dinner Feature a Banner Occasion

The colored boys of Gibson county who were in their country's service in the world war and who with all the other colored troops made a splendid record as soldiers, were given a home-coming and welcome at Lyles Monday evening. It was a good letter event in the history of the colored race in this county and a great throng gathered at Lyles to do honor to the returned soldiers.

Early in the evening there was a drill by the boys, most of whom were in uniform. There were about twenty-five of them and they demonstrated that a few days
