

## Pike County 4-H fairgrounds electrical work project

IBEW Local 16 of Evansville and Charlie Wyatt, President of Labor Day Association, organized a major electrical work project. IBEW Local 16 electricians have spent several days updating electricity at the Pike County 4-H fairgrounds, preparing for the upcoming 4-H fair.

Pictured above are: IBEW Local 16 members pictured (l to r): John Brady, Jr., John Brady, Sr., and Jeff Brady, of Boonville.

The electricians' time and labor were donated as part of their giving back to the Pike County community for hosting the Labor Day celebration last fall. The Pike County 4-H fair is scheduled for July 14-20.
